Russian Rear Guard Falls Back Forty Miles From Gunshu Pass--Start Retreat

RUMOR REPORTS GEN. NOGI IS NEAR KIRIN

JAPS BUSY GATHERING STORES AND MUNITIONS OF WAR TAKEN AT MUKDEN--PANIC IN BOURSE

(Scripps-McRae Dispatch.)
GUNSHU PASS, March 28.—The Japanese began a forward movement today. The Russian rear guard has fallen back to Chaoumidzi, forty miles below Gunshu.
Nogi at Kirin.
PARIS, March 28.—The Echo prints a St. Petersburg dispatch stating that it is rumored here that General Nogi has reached Kirin.
Panic on Bourse.
ST. PETERSBURG, March 28.—A semi-panic prevailed on the bourse today. Russian imperial funds fell one point to eighty-five and a half.
Japs Run Trains to Mukden.
TOKIO, March 28.—A dispatch from Mukden states that the Japanese left army, near Mukden, is clearing the battlefield, sorting the enormous quantities of stores and materials captured and attending to prisoners. The engineers are rapidly repairing the railroad bridge across the Hun river. Trains reach Mukden every few days. The weather is warmer, making the movement of guns and transport wagons difficult.
Russia States Terms.
BIRMINGHAM, March 28.—The Post says it has excellent authority for the statement that the memorandum outlining the terms which would be acceptable to Russia in event of peace, has been received from St. Petersburg at the foreign office.

DOCTOR'S TESTIMONY FAVORS DEFENCE IN DAMAGE SUIT

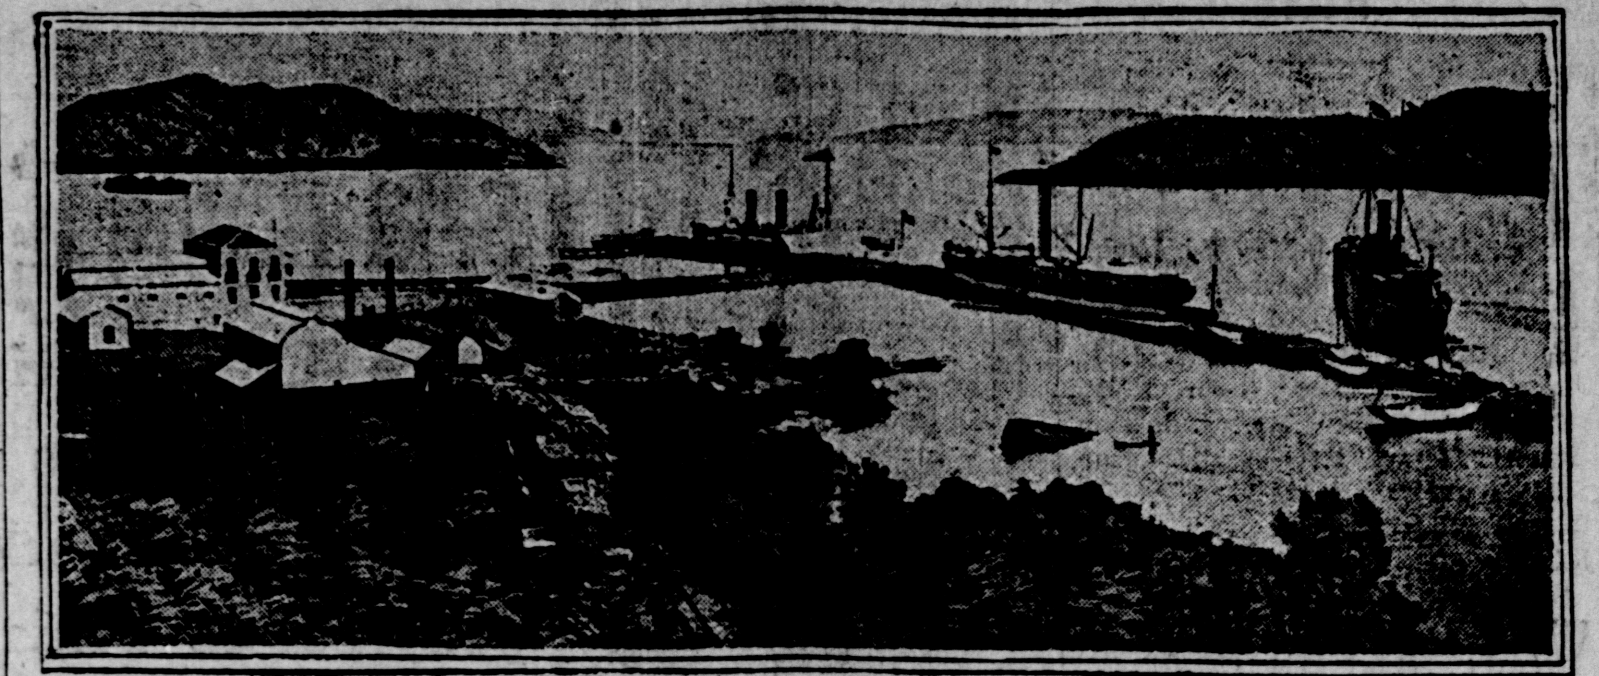

GREEN BAY, Wis., March 28.—Dr. W. T. Hagen, eye specialist, as a witness for the defense, gave positive testimony yesterday in direct contradiction to testimony offered by the plaintiff on a material point in the trial of the Hollman E. Rahr \$50,000 damage suit for alleged alienation of affections. Otto Beck, aged 19, testified that by looking over a transom he had seen Rahr and Mrs. Albert W. Hollman together in a bedroom on July 28, 1903. Dr. Hagen swore positively that on that day and for several days before and after Rahr was confined in a dark room under treatment for his eyes.
The doctor testified also that on the day in question Mrs. Hollman was visiting at Kish-kewan Te-No, a summer resort near this city.
The examination of plaintiff was concluded. He had been on the stand nearly three days and the case of defense was immediately opened.
That Mrs. Alice Geer Hollman kept a list of dates upon which her husband, Albert L. Hollman, was out late in 1903, and that he found the memorandum and burned it was brought out today on cross-examination of Hollman.
Hollman said that he found the slip of paper under the carpet after his wife left him on June 4, 1904. The testimony tended to show that it was upon advice of relatives that Mrs. Hollman kept a list of the dates when her husband remained out late and did not treat her nicely.
"I struck or showed my wife but once and that was when I saw her come out of the tent rigged out in Mr. Rahr's clothes where he was camping at Point Comfort," testified Mr. Hollman. "We were having a little masquerade. The men dressed up in the women's clothing and the women in the party donned masks. I became angry when I saw my wife dressed in Henry's clothes with the trousers stuffed out with pillows so that they would fit her."
Mrs. Hollman who had sat cool and collected during the testimony of her husband, blushed becomingly when every one of the twelve jurors looked at her with searching glance, compared her form with that of the wealthy brewer and then mentally computed how much stuffing must have been necessary. Rahr is short and stout, and weighs 250 pounds. Mrs. Hollman is tall and weighs 135 pounds.
"I did not strike her on that occasion," said Hollman. "I merely pushed her back into the tent."

POLISH JEW SHOOTS WOMAN FOR REVENGE ON HUSBAND

Crazy Foreigner Claims to Have Been Swindled in Land Deal--is Nearly Lynched

GRAND RAPIDS, Wis., March 28.—In the town of Saratoga, Abraham Kapyski, aged 33, shot and killed Rebecca Finkelstein, aged 30, wife of S. Finkelstein, yesterday, and then hastened to this city to give himself up to the officers, he being pursued by an angry mob.
Kapyski, in company with a number of other Polish Jews, settled in the town of Saratoga, about eleven miles from this city, last summer to try their luck at farming. Finkelstein acted as one of the steering agents for several real estate men in Chicago, and by his influence these people were induced to come up here. To Kapyski he represented that he had a forty acre tract twenty acres of which were nicely under cultivation and the other twenty heavily timbered. Kapyski upon arriving here found that the tract contained neither the clearing nor timber, but was purely a patch of scrub oak and jack pine, ever since which time he has felt rather angry toward Finkelstein and many quarrels have resulted because of this transaction.
Kapyski had spent the last of \$750 which he brought with him from the old country and saw nothing in return for it. He therefore became bitter, and this morning a hot discussion ensued between Finkelstein's wife and Kapyski, during which the latter drew a 38 caliber revolver and shot Mrs. Finkelstein in the breast, killing her immediately.
Many of the colony heard the report of the revolver and hastened to the scene and threatened to lynch Kapyski, but he beat them in a hot race to this city. He bears a number of marks of violence on his arms and body. He is cool and indifferent and relates calmly the whole affair.
Finkelstein and Kapyski lived in the same house, the latter on the first floor and the former on the second floor. Many of the Jewish people in this city have attempted to get into the cell of the murderer this morning, but Sheriff Little has taken all the necessary precautions to prevent any violence being done to him, if such a desire exists.

CYCLONE SWEEPS LOUISBURG MINN.

MANY BUILDINGS ARE WIPED OUT

(Scripps-McRae Dispatch.)
ST. PAUL, March 28.—A cyclone completely wiped out every store, two grain elevators, the Great Northern railroad station and numerous at Louisburg, a village of two hundred inhabitants in Lac Qui Parle county at six o'clock yesterday evening. The loss was fifty thousand dollars. Seven people were severely injured including five members of the Winger family whose home was wrecked. Jennie Winger, aged seven, will probably die.

HAVENOR IS OUT ON BAIL

(Scripps-McRae Dispatch.)
MILWAUKEE, Wis., March 28.—Charles Havenor, owner of the Milwaukee ball team, and a former alderman, was today released on bail, instead of being taken to the workhouse to serve two years. A stay was granted by the supreme court.

ROBERT HARRIS IS FIRST BOAT

The first boat on the upper river to get out this season was the steamer Robert Harris which left Trempealeau yesterday morning. The Harris will run this year between Trempealeau and Winona and will not touch La Crosse.
The steamer Kit Carson which has been wintering at Davenport was expected to arrive here today, but has not appeared at the time of going to press.

The Carson left Davenport Sunday and will go from here to Stillwater where she will immediately begin her spring towing. She is manned almost entirely by La Crosse men and has contracts which will keep her at work the entire season.

Carl Zoerb Meets With an Accident

Carl Zoerb, of 1103 South Sixth street, while cutting wood at his home this morning, sustained an accident which may deprive him of a hand.
As Mr. Zoerb was at work with a sharp ax splitting firewood the ax suddenly slipped from his grasp when he was in the air and dropped upon his left hand, cutting him severely.
The wound was dressed at once and Zoerb went to the hospital where he is now being cared for. It is feared that he may lose the hand.

NABUCCAL MINES-ENTRANCE TO MAIN GALLERY

PARTY SPELLBINDERS TO BE BUSY THIS WEEK

Program of Speeches to be Delivered Shows Great Activity on Both Sides

Contrary to predictions made before the primaries, the campaign this season is to be one of the hottest ever experienced here, if the battlefield, questions at issue, and campaign cut-throats of the two parties are a criterion to go by.

Both democrats and republicans alike are preparing for the struggle and the results of their energy can be noticed already in the different districts.
The democratic city committee held a meeting yesterday and made plans for the campaign, preparing a program of speeches. Their campaign will be opened tomorrow evening at Snow Plow hall by Messrs. O. R. Skaar and W. F. Wolfe, and at Wannebo hall on the north side by Messrs. Paul W. Mahoney and A. C. Wolfe.

These speakers will go over the platform adopted by the democratic party several days ago, and will dwell on every plank, carefully explaining each.
The democratic speeches tomorrow night will perhaps be the most important of the entire campaign inasmuch as they will be general and not devoted to any special issue.
The program of the democratic campaign and the speakers are as follows:
Tomorrow night—At Snow Plow hall, O. R. Skaar and W. F. Wolfe; at Wannebo hall, north side, P. W. Mahoney and A. C. Wolfe.

Thursday night—At Bohemian hall, O. R. Skaar, W. F. Wolfe and A. C. Wolfe; at Union hall, Rose street, John F. Doherty and P. W. Mahoney.
Saturday night—At Concordia hall, Dr. Wendell Anderson and J. F. Doherty; at North Union hall, George street, A. C. Wolfe, P. W. Mahoney.
Monday night—Centennial hall, O. R. Skaar, A. C. Wolfe.

Republicans Active.
The republicans are also unusually active this year and have been in session almost the entire day at the office of the chairman of the city committee arranging a program of dates and speakers.

A feature of their campaign is that they will produce their candidate for mayor, Mr. George Bunge at every meeting.
The program is as follows:
Tomorrow night—At Bohemian hall—George W. Bunge, Otto Boss-hard.
Thursday night—At Wannebo hall—George Bunge, J. E. McConnell, Frank Winters.
Friday night—At Concordia hall—Bunge, Otto Bossard, A. E. Bleckman, Jr., Cameron Baldwin.
Saturday night—At Union hall, Rose street, Bunge, Thos. Morris, J. E. McConnell.
Monday night—At Union hall, George street, Bunge, Winters, Morris. At Concordia hall, Bossard, Bunge. At Bohemian hall, McConnell, Baldwin.

PUGILISTIC FARMERS MAKE UP IN COURT

"I guess I didn't want this man arrested, judge, and you'd better drop the case right away. I want to withdraw my complaint."
The speaker was Charles Van Zandberger, a farmer, and the scene was the county court room, shortly before noon today.
Yesterday morning Van Zandberger appeared and in an exceedingly hostile manner demanded the immediate arrest of Adolph Sutterman, a neighbor, on a charge of assault and battery.
Not only did he want him arrested, but he wanted the sheriff to set out after him at once.
Today Van Zandberger appeared again in company with the man for whom he had secured a warrant, and the pair lined up before the judge's desk arm in arm. Van Zandberger and Sutterman appeared to be the best of friends, and both smiled pleasantly at the judge as he entered.
Van Zandberger explained that he had made up with his pugilistic enemy, and did not wish to prosecute him. He paid the costs, \$3.50, cheerfully and the two disappeared.

MERRYMAN WORTH ABOUT \$3,000,000

MARINETTE, Wis., March 28.—Estimates of the estate of the late Andrew C. Merryman vary from \$2,000,000 to \$5,000,000. Mr. Merryman made a will last summer, but its contents are not known. Mr. Merryman held large holdings in a dozen paper mill plants and owned thousands of acres of standing redwood timber in California as well as large orange plantations in Exeter, Cal., and a large interest in the Hamilton & Merryman company in Marinette. It is known that he recently gave each of his children \$100,000 in property and the real size of the estate will probably never be known.
The funeral will be held here on Friday, the Rev. Frank A. Pease officiating. Lumbermen from all over the northwest will attend.

NORMAL BILL IS ADVANCED

La Crosse Measure Goes to its Third Reading in the Senate

MONEY TO BE AVAILABLE FOR SITE MAY 1ST., 1906

SEN. EATON, ACQUITTED ON CHARGE OF BRIBERY TAKES HIS SEAT BUT DOES NOT VOTE

BY ROBT. E. KNOFF.
(Tribune Special Dispatch.)
MADISON, Wis., March 28.—The senate boosted the La Crosse normal school appropriation, advancing it to its third reading. An amendment was adopted making \$30,000 for the site and plans available May 1, 1906, and calling for the purchase of the site and the preparation of plans immediately thereafter.
The Senate passed by a vote of 21 to 9 the McGilivray good roads bill providing for the submission of a constitutional amendment to allow the state to appropriate money for good roads when local appropriations are also made. Senators Burns, Kreutzer, Merton, North, Randolph, Roehrer, Whitehead, Wolff and Wright opposed it. Senator Barney A. Eaton, the indicted bribe taker, was in his seat and answered to the opening roll call, but did not vote and took no other part in the proceeding. No objection was raised to his presence.
The Stoddard resolution that the legislature go to St. Paul to inspect the new Minnesota capitol was amended so as to open the way for the state to pay the expenses and passed. The vote was 16 to 9. The Rummill resolution for a constitutional amendment to provide for a means for the ousting of state officers by petition, was in his seat and answered to the roll call, but did not vote and took no other part in the proceeding. No objection was raised to his presence.
The senate passed or concurred in 24 bills including that providing that local fire insurance agents counter-sign policies and providing punishment for abandonment.
The assembly passed the H. Johnson bill to tax vessels as personal property and the Bell bill to empower common councils to order electric wires placed underground. The committee on manufacturing and labor introduced a new bill appropriating \$25,000 for the Wisconsin exhibit at the Portland exposition.
The proposition for the Wisconsin legislature to go to St. Paul to inspect the new Minnesota state capitol is meeting with such favor that the twin cities will probably have 133 Badger lawmakers on their hands the last of this week.
The assembly passed an important bill to protect the state from possible loss in connection with the ad valorem railroad taxation litigation, in which the roads are contesting the validity of the assessment made by the state tax commission under the new law passed by the legislature two years ago. The bill provides that if the courts knock out the ad valorem law, the roads shall then pay the amount that they would pay under the old license fee law.

THEODORE KIDDER LAID AT REST

The remains of Theodore A. Kidder which arrived here this morning from Las Vegas, New Mexico, were today interred at their final resting place in Oak Grove cemetery.
The funeral was held from Tillman's undertaking parlors on South Third street, owing to the illness of Mrs. G. W. Kidder, the young man's mother.
A brief but touching service was delivered at the grave by the Rev. Mr. Vance, pastor of the King street M. E. church.
The service was attended by friends and relatives including members of the Brotherhood of Railway Trainmen, and Independent Order of Foresters, both of which organizations the deceased was a member.
Many beautiful floral offerings from the Trainmen, the Foresters and from relatives marked the ceremony.
The following officiated as active pall bearers: Fred Hartwell, Horace Norton, Fred Colton, Ray Hiscox, Willard Olson and Walter Hosley.

Thursday will be visiting day at the new court house.

On that date the new structure will be thrown open to the public for inspection, and all members of the building committee, as well as the county officers and their assistants will be there to show visitors through.
No special speeches or program of any kind has been arranged.
The reason for holding the open house on Thursday is that the county board meets at this time and this will give the country members a chance to go over the building.

WEST SIDE HAS A BOB-TAILED CALF

A freak of nature, in the shape of a "bob-tail" calf was born Friday to a cow belonging to Arthur Hinkley of West La Crosse.

There is no sign of a tail and nearly all of the residents of French Island have called to see it.

It would no doubt be a drawing card in a museum although at present Mr. Hinkley has no such prospects in view.

MRS. SHEPARD OPERATED ON.

Mrs. W. E. Shepard of the West Salem road was taken to the La Crosse hospital Monday.

She was operated upon this morning and is resting easily today and is getting along as well as can be expected.

STORM OVER OIL MONEY

(Scripps-McRae Dispatch.)

BOSTON, March 28.—While a storm of protests against accepting the hundred thousand dollar gift of John D. Rockefeller to the American board of foreign missions of the Congregational church is at its height it develops that the board has already accepted \$41,500 of the amount which now reposes in the board's strong box. Secretary Barton today said the question is "Will this amount be returned." The Prudential committee of the board met this afternoon to decide what course to pursue.

Prominent Hudson Lawyer Dies

HUDSON, Wis., March 28.—John W. Bashford of this city, one of the most prominent attorneys of northwestern Wisconsin, is dead.

Mr. Bashford was born in Madison and was educated for the Methodist ministry. Later he took up the law and for many years enjoyed a large practice. He was prominent in politics and was a leader of the democratic conventions as a delegate, his voice often being heard on the floor.

Mr. Bashford was a graduate of the University of Wisconsin. He held several state offices during his life and at one time was a member of the board of university regents.

MADISON, Wis., March 28.—R. M. Bashford has gone to Hudson to attend the funeral of his brother, S. W. Trowsdale of this city, presiding elder of the Madison district of the M. E. church, who is a half-brother, will also go.

Go to the Bijou tonight.

company responsible for the damage. The stage of the river is high tonight and cellars of basements in the lower part of town is flooded.

CONDENSED TELEGRAMS

Young Man Wanted for Murder.
Green Bay, Wis., March 28.—The police have in custody a man named Wesley who is suspected of the murder of two persons, committed about one year ago in the Mesaba range in the northern part of Minnesota. Wesley is a Green Bay boy and came here to visit his parents. It is understood that Wesley is one of two men wanted by the authorities in northern Minnesota for the murder of an old man and his daughter who lived alone on a claim in that vicinity.

Couldn't Leave His Old Parish.
Philadelphia, March 28.—Rev. Dr. Beverley Ellison Warner, rector of St. Stephen's Episcopal church, has tendered his resignation to the members of the vestry. Dr. Warner came to this city from New Orleans about a month ago. For eleven years he had been rector of Trinity church in that city and his love for his old church is the only reason advanced by Dr. Warner for his resignation.

Accepted Last Year's Scale.
Cleveland, March 28.—An agreement has been reached at the wage conference between the Lake Carriers and the Marine Firemen's, Oilers' and Water-Tenders' union, whereby the men will receive last year's wages. The employees at first asked for an increase of 20 per cent.

Ames Sues for His Claim.
Minneapolis, March 28.—Dr. A. A. Ames, ex-mayor, has at last filed his suit against the city for \$490 back salary, alleged to be due him, and it will be tried at the April term of the district court. The doctor's attorneys allege that they have a clear case.

His Girl Went Back on Him?
Port Huron, Mich., March 28.—County Clerk Foley received the following letter from Smith's Creek: "Dear Sir—Please cancel this license as I am not going to be married. Yours truly, Madison London. London came to the county clerk's office last week and secured a license to marry Edith Street, of Gardendale. It is presumed the lady followed a woman's prerogative and changed her mind."

He Feared Loss of Place.
Bloomington, Ill., March 28.—Dependent over a fear that he would not be reappointed at the annual meeting of the city council Alonzo Hall, superintendent of the waterworks department in Normal, took laudanum and then fired a bullet through his brain. AMBASSADOR IS LAID AT REST

STATE FUNERAL ATTENDED BY PRES.

(Scripps-McRae Dispatch.)
WASHINGTON, March 28.—A state funeral was held today over the remains of Don Manuel de Aspiroz, the Mexican ambassador. It was attended by the president, the members of the supreme court and the diplomatic corps. After impressive services at St. Matthews Catholic church, the body was carried to a vault at Oak Hill cemetery, where it will lie until April 8, when it will be transferred to New York for transport to Mexico on the cruiser Columbia.

THE PHILIPPINES ILLUSTRATED.

Prof. B. E. Thomas, one of the first lot of teachers sent to the Philippines, after a service of three years in one of the wildest parts of the islands, in northern Luzon, has recently returned on leave of absence.

While in the islands he came into close contact with the savage Negritos, the head hunting Igorrotes, the more advanced Vizayans and the wily Mohammedan Moros.

The professor was indefatigable in getting photographs. These have been mounted for us with a lantern to illustrate a vivid and extremely interesting lecture on these strange people by Prof. Thomas.

Prof. Thomas is a young man with a receptive mind, keen intelligence, sympathetic heart, and possessed of a sense of humor that enables one through him to see the scenes he has looked upon.

Having heard the professor lecture we can assure the public of a rare treat.

This lecture will be given Thursday afternoon at 4:30 at Y. M. C. A. hall, for children particularly. Admission 10c. In the evening, for adults, admission 25c. Given under the auspices of Sixth District School.

Via the Northwestern Line, will be in effect from all stations April 10 to 14, inclusive, with favorable return limits, on account of Meeting of Woodmen of the World. Two fast trains to California daily. "The Overland Limited" (electric lighted throughout), less than three days en route. Another fast train is "The California Express" with drawing room and tourist sleeping cars. For rates, tickets, etc., apply to agents Chicago & Northwestern Ry.

BUSY FAIRBANKS DINES STANDARD OIL MAGNATE IN STRANGELY EARLY CAMPAIGN FOR PRESIDENT

WASHINGTON, March 28.—President Roosevelt is likely to take a hand in the presidential game of 1908, which is beginning so actively, under the energetic propulsion of Vice President Fairbanks and Senator Foraker.

Roosevelt has viewed with some amazement the performances of his distinguished coadjutor. He recognizes the right of anybody to be a candidate for the presidency, but he is a little surprised at the calm nonchalance with which he himself has been left out of the reckoning. Fairbanks, Foraker, Cannon and the rest are going ahead as if the national convention were to be held next month and as if the events of the next four years had been reduced to a cipher which has been rubbed out.

Col. Dan Ransdell, sergeant-at-arms of the senate, is acting as one of the managers of the Fairbanks boom. He had some experience with this work in the campaigns of Benjamin Harrison. It is a part of his duty to round up out-of-town visitors, especially chairmen and members of republican state committees, and others likely to be of use in future. For example, when the messengers brought the Roosevelt electoral returns to Washington they were all corralled by Ransdell and entertained by Senator Fairbanks, who sent them away with autographs, and many a kind word added thereto. During the inauguration the state governors were entertained by Fairbanks, together with a number of prominent New York financiers.

Some of the democrats in Washington—and there are a few left—have been unkind enough to call attention to the fact that Frank Vanderlip was entertained with Mrs. Vanderlip by the Fairbanks during the inauguration. The significance, to a democratic mind, is found in the fact that Vanderlip is at present the political representative of the Standard Oil company interests. He is an official of the City National bank of New York, which is the Rockefeller bank.

Within the past week or two Fair-

banks has had Chairman Goodrich of the Indiana republican state committee out in the states of the far west, feeling out the members of local state organizations. It is said, too, that he has had agents in the south looking after the colored leaders.

GAS, NOT HYPNOTISM KILLED THE GIRL

New York, March 28.—Mrs. James Huestis, of White Plains, N. Y., who for the past sixteen days has been in a state of coma in the Presbyterian hospital as a result of gas asphyxiation, is dead at the hospital. Mrs. Huestis and her daughter Luella were taken to the hospital from the residence of friends whom they had been visiting, where they were found one morning overcome by gas.

RAILROAD TRACK SINUNDA- TED AT REESEVILLE

REESEVILLE, Wis., March 28.—The Beaver Dam river has risen so rapidly that the railroad track is inundated to the depth of about 14 inches. This is about 16 inches higher than one year ago during the high water.

CHAS. COOKE CHARG- ED WITH BRIBERY

(Scripps-McRae Dispatch.)
TUCSON, Ariz., March 28.—Charles Cooke, formerly a Milwaukee alderman, accused of accepting bribes in connection with the street railway franchises and who it is alleged jumped his bonds and came to Arizona, was arrested by a Milwaukee detective. Cook waived extradition and started back.

Voters Say Primaries Should Determine

From talk heard in various parts of the city and among different classes, it is very evident that the consensus of opinion is that candidates should abide by the will of the people, as it is expressed at the primaries. It is understood that L. W. Gosnell proposes to run independently for alderman in the first ward, since he was defeated for the nomination on the regular republican ticket. It is also heard, there will be a few others who are considering disregarding the will of the people as expressed in the primaries, and propose to run independently for aldermanic and other offices.

It seems to be the opinion that the effect of this will be only to defeat other candidates, as the independent candidates undoubtedly would be defeated at the election by even a larger majority than at the primaries. There are elections coming and all who have been heard to express an opinion incline to the belief that the unsuccessful candidates would strengthen their own cause for future favors from their party and people by accepting the primary decision and waiting until another opportunity is offered to run on the regular ticket.

By the respective campaign managers the tickets are regarded as strong and it would, in the opinion of these men, only complicate matters and hinder party success on both sides, to have independent candidates in the race to cut majorities.

North American has Handsome New Office

The North American Telegraph company has settled in handsome quarters at 218 main street, and now has one of the most up to date telegraph offices in the state.

Everything in the office is new, and of the very latest and most approved pattern. The furniture and fixtures are of dark oak and present a very attractive appearance. Louis Seaman, the popular manager of the company's interests here, supervised the move, which was a tedious matter. Business was not hampered at any time, however.

New Building for Monumental Wks.

Work was commenced yesterday by the La Crosse Monumental Works on a handsome new stone building which they propose to erect on La Crosse street, opposite the Oak Grove cemetery.

The company intends removing its plant to the new building as soon as it is completed.

TOM MORRIS TO TALK FOR REPUBLICANS

Senator Thomas Morris has been persuaded to take the stump in the interests of the republican city campaign.

Mr. Morris will deliver his first oration next Saturday evening on the north side. The hall has as yet not been selected, but Union hall has been suggested as a favorable meeting place.

PROMISCUOUS HUNT- ER HITS FIREMAN

While train No. 4 was coming into the city last evening, and had reached a point near the Black river bridge just outside La Crosse the report of a shot gun was suddenly heard, and fireman Johnson of Minneapolis received a charge of fine shot through the cab window.

Fortunately the gun was not heavily loaded and the shot only pierced his clothing, without inflicting serious injury. The matter was reported upon arrival here.

NOTIFICATION

TO THE PUBLIC:

The officers of the Wisconsin Light & Power Company have heard that there is a rumor to the effect that a consolidation with the La Crosse Gas & Electric Company is in contemplation and that the Wisconsin Light & Power Company will not be in an independent position.

This company wishes to state that all rumors of this nature are absolutely false.

The facts are that the Wisconsin Light & Power Company will be independent of any and all other companies and expects to be in a position to furnish electric current for lighting and power purposes as early as September 1, 1905.

TAXATION.

There has not been any increase in the burdens of taxation during the last six years. Yet the public improvements made in that time have exceeded by far all previous history in La Crosse. This fact alone entitles the party now in power to the confidence of every voter in this city.

The fact that the tax rate has not increased is a striking evidence of splendid management. Few people will consider the county court house as a factor in increasing the expense of the city government but if we will stop to consider that sixty-five per cent of every dollar spent on the court house and in keeping it up comes out of the city of La Crosse, the financial showing of the city of La Crosse is something wonderful. The county board of La Crosse called upon the city of La Crosse for at least thirteen thousand dollars more the past year than the year preceding. More than one-third of all the taxes collected in the city of La Crosse must finally be handed over to the county of La Crosse and it is a fact that if the county board managed its affairs with the same prudence as does the common council our tax rate would be seven-teen mills instead of eighteen.

A PECULIAR DOCUMENT.

The republican platform is a peculiar document. It is mostly composed of libelous declarations. By authority of the common council, regardless of party, a resolution for the appointment of a committee to examine into the water question was adopted. That committee was composed of the Mayor, Aldermen Spence, Heath and Smith and Bacheller. After considerable correspondence, Prof. Davis of Des Moines, Iowa, was selected to make the examination. He came very highly recommended. Now the republican candidates for office see fit in their so called declaration of principles, to denounce him as a fraud. That he came here pretending to be unbiased and not committed to any particular system, whereas he came here working in the interest of a particular system and to create sentiment in favor of a filtering plant.

Prof. Davis would be justified in commencing an action of libel against his detractors, Messrs. Bunge, Ring, Bice, Arenz, Vollmar, Walker, Baldwin, Hirschheimer and the rest of the republican candidates.

AS TO OUR WATER.

There has sprung up a difference in opinion between Expert Floyd Davis, who is conducting an examination of La Crosse water and the state chemist. It can scarcely be termed a difference in opinion for their analysis of the water is almost identical. There exists, simply, a difference in interpretation, as to whether water highly contaminated with chloride is dangerous.

The state chemist says the water taken from the Hirschheimer and Smith wells are "very high in chloride."

This is what Prof. Davis said.

The state chemist says there is much chloride in the soil, but that it is not dangerous.

Prof. Davis knows the chloride comes from the soil, but holds that it is dangerous to the health.

Hence, all it amounts to is as to whether the chloride is dangerous to the health, and between these two men, both experts, there is a difference of opinion in this regard.

Some years ago La Crosse water was examined by the state chemist. Every sample was pronounced unfit for use. The only exception was in the case of the artesian wells, the water of which was pronounced pure.

WE ARE NOT "GOING TO THE DOGS."

Many have an idea from the sensational announcements of measures under way, that the people of this country are engaged in a life-and-death struggle with the great financial and industrial interests.

The people have been pictured as being strangled in the tentacles of hideous otopi until many seriously believe that to be their real condition.

That there are wrongs, in big business enterprises and in small, there can be no question.

That wise remedies might better the condition of all it not to be doubted.

But that this country is going to the bowwows unless things are promptly turned upside down and inside out is poppycock.

The whole business structure rests, and has always rested on the conviction that men will fulfill their obligations and deal fairly. This is the foundation of credit. Ninety-five per cent of the total business transactions of this country are carried on, not in cash, but in credit based on that conviction, showing how general it is and how firm.

Confidence, not suspicion, is and must be the prevailing tone of the business world. The proceedings of the bankruptcy court show strikingly

that the great majority of business failures are not tainted by dishonesty or dishonor.

We hear more about delinquencies of all sorts than we did when the facilities for gathering news were meager. And every little village and country crossroads even has its self-appointed oracle, who may not know enough to earn a dollar and a half a day, but who imagines he clearly understands the most intricate mysteries of great business enterprises involving millions of capital and employing tens of thousands of men and noisily preaches the doctrine that great success is great fraud.

But the broader-minded optimist sees that justice, honor and honesty are the normal conditions—that they rule as a matter of course in social and business relations. Millions of instances in which they are in evidence never appear under startling headlines of a newspaper. They are far too ordinary to constitute "news."

An honest man creates no sensation as he passes along the street attending to legitimate business, but the thief in custody attracts a crowd.

The common belief that the vast majority of men are honest is just as pronounced now as ever it was. It bears silent but convincing testimony to the fact that humanity is not going backwards.

The great tendency of our American society, whether political or industrial, is toward the general welfare and the common good. We did not begin with classes in this country and we are not ending with them.

The pessimist sees in a few conspicuous railway magnates the sole owners and beneficiaries of the twelve billions of railway wealth. The optimist sees in them men of genius for organization and management and back of them something like 2,000,000 persons who, through dividends, interest and wages, divide among them the earnings of the roads.

We cannot retrograde so long as we do not cease to believe in the right education of every child and to remove as far as possible the obstacles that would interfere with the moral and intellectual as well as the industrial advancement of every workingman's family, whether in town or country.

Vast as are becoming the fortunes of many individuals through their control of productive forces, the excessive centralization of wealth in a few hands is more than counterbalanced by the growth, on the other hand, of diffused comfort, and, above all, by the growth of general intelligence and capability.—St. Paul News.

It will seem to the reading public that Brewer Rohr of Green Bay should pay for his fun.

In the death of old black Nathan Smith La Crosse has lost one of her most famous early characters.

The democratic party has handled the destinies of La Crosse well for many years, and it will continue its progressive policy.

ALLEGED REPENTANT LOVER WOULD GIVE ALLEGED SWEET- HEART ALLEGED FORTUNE

Blanche Beveria, a former La Crosse woman now supposed to be dead, has a fortune awaiting her here, says a "current report."

In former years Miss Beveria had a lover here. They quarreled and Miss Beveria left La Crosse. Nothing was heard of her for years until some time ago it was said that she had located at Portland, Ore.

Her lover is now looking for her. Although it was reported that she committed suicide about six weeks ago, he does not believe this is true. Having come into possession of a fortune now declares it his purpose to make reparation to her by settling \$10,000 on her.

EXPECT ROYAL GATH- ERING TO TALK PEACE

London, March 28.—According to arrangements, which are still liable to revision, King Edward will leave London on April 6. He will join Queen Alexandra at Cologne, and from thence their majesties will go to Copenhagen for the celebration of the birthday of King Christian April 8.

The Associated Press correspondent at Copenhagen telegraphs that so far as known King Edward's visit has no connection with Russo-Japanese peace parades, but that King Christian strongly favors peace, and should the dowager empress of Russia also come to her father's birthday celebration it will be regarded as a signal of a peace conference at Copenhagen. It is reported that M. d'Iswoisky, the Russian minister to Denmark, left St. Petersburg on Saturday for Copenhagen.

ARRESTED, CHARGED WITH DOUBLE MURDER

Green Bay, Wis., March 28.—Suspecting him of being one of two murderers of an aged man and his daughter in the woods on the Mesaba range of northern Minnesota, a year ago, the police here have in custody a man giving his name as Wesley.

The man who was arrested last night and another man are alleged to be the pair who made their home with the old man and his daughter. The latter sold a quarter section of land and received a considerable sum of money for it. Shortly after this the old man and the daughter mysteriously disappeared.

Spain Wants her Guns From Cuba

Washington, March 28.—Spain has never been able to recover from Cuba the ordnance left there at the termination of the Spanish-American war, and Senor Ojeda called upon Secretary Taft to learn the position of this government in the matter. Under the terms of peace it was held that Spain was entitled to all of the movable ordnance in Cuba and Porto Rico, and in the latter case its claim had been recognized and the ordnance transferred. But in the case of Cuba there appears to be some difficulty in securing the recognition by the Cuban government of the obligation entered into by the United States.

Secretary Taft caused a cablegram to be sent to Minister Squiera, in Havana, instructing him to notify the Cuban authorities that the ordnance in question remains the property of Spain; that it was never possessed by the United States and should be returned to Spain.

TEAR UP SWITCH ON MARKET STREET

Owing to the vigorous objection by property owners along Market street and in anticipation of the proposed improvement of this street, the street railway company has torn up its double track on Market street between Fifth and Sixth streets, and is replacing the same with a single line.

The double track at this place was laid before Seventh street was double tracked. At the present time therefore the siding on Market street is of no use to the company.

KENNEDY GOES WITH WIGGENHORN

John W. Kennedy, formerly salesman for the George A. Hormel company of Austin, Minn., one of the largest packing houses in Minnesota, has resigned his position with that concern and will after the 1st of April represent the Wigenhorn Cigar company of this city.

Mr. Kennedy was at one time connected with the Stoddard hotel.

FUNERAL OF C. KINDER

The funeral of Charles Kinder who died at his home 731 North Ninth street Sunday afternoon will be held tomorrow morning from St. Joseph's Cathedral at nine o'clock. Interment will be made in the Catholic cemetery.

Mr. Kinder was an old resident of La Crosse having come to this city in 1868. He was well known here having lived here continuously since that time.

He is survived by a widow and eight children, only three of whom reside in this city.

INJURED BY DISCUS

Alfred Grams, a high school boy, a son of W. Grams a South Third street grocer, was injured yesterday at the school campus by being struck on the head by a discus thrown by one of the athletes in practice. The missile struck a woodpile and glanced, striking young Grams on the head and cutting a severe gash in his scalp.

County Was Hard on Federal Court

The question has been raised as to whether the county of La Crosse will reimburse the government for the repairs necessary at the United States court room in the federal building.

This court room has been used by the county for over a year for circuit court purposes, during the erection of the new building. It is now in a dilapidated condition. The furniture is worn and torn and the expenditure of quite a sum of money will be necessary to again put the court room in good shape.

Southeastern Trains are Derailed

Owing to a sudden thaw the roadbed of the La Crosse & Southeastern railway has been weakened to such an extent that two trains were derailed Sunday.

Owing to the haste with which the roadbed was constructed last fall in order to complete it before the frost set in, it is now in bad condition in many places. It is being repaired this week, without interference with traffic.

MALIGNER OF CEMETERY ASS'N. IN DARK

"Elijah didn't show up," said Secretary R. Calvert yesterday in speaking of the meeting of the Cemetery association Saturday evening.

"Despite the fact that he raised considerable holler about not being represented in the association and attempted to create a feeling against us, he never appeared in the meeting."

"Of course we therefore paid no attention to the communication alleged to have been written by him. Such a contemptible act is considered beneath the notice of the Cemetery association," he added.

The regular meeting was held Saturday evening at the La Crosse club. It was brief, business being chiefly of a routine nature.

CLOTHES EDUCATION

IS A NATIONAL NECESSITY

As long as the custom of the country compels you to invest money in clothes, why not devote some thought to the subject and make your money do its best work? Many men seem to think that all ready-to-wear clothes are alike and that it matters not where they are bought. This is a serious and expensive error. There are three or four houses in this country whose product ranks with the best work of the best custom tailors. We consider these worthy of our admiration and yours. And these are the only ones we offer you.

We will gladly explain and demonstrate the difference between our lines and those commonly offered for sale. And the education will profit you in more ways than one.

We speak wholly from conditions—with no desire to offend competitors—but with every wish to bring out the truth.

MRS. CHADWICK CALMLY TAKES TEN YEAR SENTENCE

MUST GO TO JAIL IF HER ATTORNEYS FAIL TO MAKE GOOD

Sentence to be Fought to the End in the High Courts

Cleveland, O., March 28. — Unless the higher court interferes Mrs. Cassie L. Chadwick will spend the greater part of the next ten years in the Ohio state penitentiary. A sentence of ten years was imposed on her by Judge Robert W. Taylor, in the United States district court. The sentence came at the close of a busy day for the court in hearing arguments on a motion for a new trial, which lasted all day. The motion was overruled. Mrs. Chadwick was convicted on seven counts and sentenced upon six counts. For four of these counts a sentence of two years each was imposed. Upon two counts a sentence of one year each was imposed, making a total sentence of ten years.

Defense Takes Exceptions.

As soon as the sentence was pronounced Attorney Dawley, of counsel for Mrs. Chadwick, took exceptions to the sentences upon each count, except the first count. The defense intends to allege that the court cannot impose a separate sentence for each count; that the law applies to the general charge, instead of each incident of a general charge. The various counts of the indictment are considered by the defense to refer only to details of the general offense. This point will also be contested in the higher court, as will the other points of the Chadwick trial which resulted in her conviction. The case will be contested to the limit, and the final move will be made before the United States court of appeals at Cincinnati.

Was Resigned to Her Fate.

The action of the court yesterday finally closed the Chadwick case as far as the Cleveland court is concerned, unless the unexpected happens and the higher court discharges the woman or orders a new trial. Mrs. Chadwick was not particularly affected by the action of the court, as seemingly she had resigned herself to any action that might be taken. When she was told that the motion for a new trial had been refused she merely nodded her head. When seen immediately after sentence had been pronounced Mrs. Chadwick replied to a question: "What more can the world want to know about me now?"

Crime for Which She Suffers.

Mrs. Chadwick was indicted by the United States grand jury at a special session ordered by Judge Francis J. Wing, who has since his retirement from the federal bench become her associate counsel on the charges. Both the president and cashier were jointly indicted with the woman who borrowed thousands of dollars of the bank's money. She was convicted under the indictment in which she was charged with conspiracy with Beckwith and Spear to certify her checks when she had no money in the bank. This is a transaction prohibited by the government for the protection of the depositors and stockholders of a national bank.

Regrets Persecution of the Church

(Scripps-McKae Dispatch.)

ROME, March 27.—The pope held a consistory today. No new cardinals were nominated but an address was delivered in which regret was expressed at the persecution of the church.

Boodle Committee Wants Power to Arrest

Lincoln, Neb., March 28.—The special committee of the Nebraska state senate, which is investigating the charge made by an Omaha newspaper that a \$5,000 boodle fund had been raised by county officers in the state to assure the passage by the legislature of a bill which would enable the present county officers to hold their places two years longer, under a new four-years tenure plan, has asked for power to make arrests.

This means, it is said, that an official of Omaha is to be arrested and brought before the bar of the senate on the charge of acting as go-between for the person interested and a certain member of the legislature.

TRIED TO KILL A PRIEST

Winnipeg, Man., March 28. — Mystery surrounds a sensational attempt to murder Rev. W. Blozowski, priest of an independent Polish church. As he sat at a table in a lower room of his residence two shots were fired from the street, crashing through the window within a few inches of his head. One of the bullets struck an oil lamp, which exploded and set fire to the room, the contents of which, including several valuable oil paintings, were destroyed.

Since coming to Winnipeg Father Blozowski has been active in religious controversies among the Poles, with the result that he has incurred the enmity of certain factions among the foreigners.

Says Bomb Sent to Cunard Steamer Was Only a Fake

New York, March 28.—Gessler Russell, also known as Gessler Rousseau, was convicted before Recorder Goff of having sent with malicious intent an infernal machine to the Cunard steamer Umbria in this city on May 5, 1903. The prisoner received the verdict calmly and without comment, and was remanded to the Tombs for sentence on Friday. The maximum penalty for the offense is five years imprisonment.

Rousseau made the statement on the stand that the machine was placed there in an effort to demonstrate that it would be an easy matter to destroy an ocean liner. He admitted that the box contained nearly 100 pounds of dynamite, but alleged that the explosive power of the dynamite had been removed and that the mechanism had not been put in operation. He said he had sold many infernal machines to the Cubans to blow up Spanish ships, and that he had offered them to the Boers, but they had refused to buy, saying that they did not care to make war that way.

KAIZER HONORS SEA CAPTAIN

CAPTAIN C. KAEMPPF.

(New York Herald Special.)

BERLIN, March 28.—Captain C. Kaempff has been signally honored by Emperor William. The emperor requested the Hamburg American Steamship company to assign Captain Kaempff to command the steamship Hamburg in which the Kaiser will cruise in the Mediterranean, beginning March 23.

Captain Kaempff has been twice personally decorated by Emperor William, and it is said that his skillful maneuvering of the Auguste Victoria in the narrow waters of the Norwegian Langerford some time ago averted a collision with the imperial yacht Hohenzollern and won from the emperor a personal salute of "Bravo."

HOW IT FEELS TO BE BLOWN OUT OF TUNNEL

VICTIM DESCRIBES HIS SENSATIONS

New York, March 28. — Blown through a break in a tunnel in the East river by an explosion, carried to the surface of the water and shot twenty feet into the air, Richard Crendon, a laborer, was rescued only slightly hurt. His escape from death seemed almost miraculous. Three of his companions were rescued in the tunnel and carried out, all painfully, but not seriously, injured. The men were at work in the forward compartment of the railroad tunnel under the East river between Brooklyn and the battery, which is to be used eventually to connect the Manhattan subway lines with Brooklyn subway lines. Two tubes side-by-side are in process of construction.

Crendon tries to Plug a Leak. The Brooklyn end of one of the tubes had been extended about fifteen feet beyond the end of the pier line at the foot of Joralemon street. Twenty-two men were at work in the tunnel when the accident happened. Crendon and his three companions were in the forward compartment working under a high pressure of air. In a compartment back of them eighteen other men were at work. This second compartment was not affected by the accident, as there is a bulkhead between them. Crendon was the first to ascertain that the roof of the tunnel was leaking, and that the air was rushing out into the bottom of the East river, which was about forty feet deep above them.

Has an Extraordinary Experience. With sandbags he attempted to plug up the leak, but as he did so the whole roof was blown out and the tremendous force of the compressed air drove Crendon out through the hole. The upward rush of air carried him to the surface in a twinkling, and he shot into the air with great force. Bystanders quickly rushed him out of the water. He was considerably bruised and shaken up, but was not dangerously hurt. Bystanders who saw the man shoot to the surface say that he was shot twenty feet into the air from the level of the water, and that his startling appearance so frightened several Italian laborers on the near-by pier that they took to flight. His companions were dragged back through the tunnel by workmen from the next compartment.

Like a Feather Through a Flue. Crendon said: "It seemed to me as though I came up like a feather through a flue. I don't believe I touched the water until I fell back into it. I started head first and turned a somersault on the way up. I suffered terribly from a sudden reduction of the air pressure for a minute after the outside air entered my lungs. I had a dollar bill in my pocket when I left the tunnel, and the first thing I did after being fished out of the river was to feel for that bill. It was there. To be down in the tunnel under the bed of the river one minute and spinning around in the air the next knocked me silly. One trip of that kind is enough for me."

PRESIDENT CANNOT POSTPONE CUBAN RECIPROCITY

New York, March 28.—A board of the United States general appraisers has announced a decision in which it holds that President Roosevelt possessed no legal authority to postpone for ten days the date when the Cuban reciprocity treaty took effect, as he did in his proclamation of the treaty. The case was brought by the Dalton company, which maintained that the treaty took effect on March 1, when the ratifications took place.

That point had already been decided in the negative, and the board of appraisers did not pass upon it. The United States senate when it ratified the treaty inserted an amendment that it should not take effect until approved by congress. Congress approved it on Dec. 17, and the president on that date issued his proclamation. He provided, however, that the treaty should not take effect for ten days.

QUESTION OF PRECEDENCE

Washington, March 28.—The long vexed question of precedence between the supreme court justices and the members of the diplomatic corps has bobbed up again in connection with the funeral of Senor Azpiroz, the Mexican ambassador. The diplomats are still smarting from the manner in which the justices took precedence at the inaugural ceremonies at the Capitol, through an adroit move which appeared to have been carefully planned, and they do not propose to be again side-tracked if they can prevent it.

To this end they are taking an active interest in the funeral arrangements, insisting on their rights. They contend that as the funeral is to be a diplomatic one there can be no question of their right to take precedence over every one except the president and members of the cabinet, who represent the government.

The justices are standing on their dignity, with their usual reserve, but the plans for the funeral are being proceeded with on the basis that they will accept this view of it and be content to follow the diplomatic corps, who will be seated during the services directly behind the president.

IRISH TERRIER - "STRAIGHT TIP."

(New York Herald Special.)

Not since the palmy days of Bolton Wood's Mixer has an Irish terrier gained such a reputation in England as Straight Tip, who succeeded to Mixer's throne. He was recently imported by Gifford A. Cochran, of Yonkers, N. Y., at a cost of \$2,000, in spite of his five years.

Straight Tip made his first appearance in this country at Pittsburg recently, and among his many triumphs was his winning the trophy for the best dog.

ANCIENT ARCHITECTURAL MASTERPIECES BEING DESTROYED

THE SO-CALLED HADAPTO, 223, PARTIALLY DESTROYED

THE TEMPLES OF PHILAE FLOODED BY THE WATERS OF THE BARRAGE

(New York Herald Special.)

Although every effort was made to underpin the foundations of the picturesque temples of Philae before the barrage was closed and the island inundated, the Nile must conquer, sooner or later, and these masterpieces of ancient architecture will vanish. They are of very ancient period, but date only from 350 B. C.

COSSACKS CAN NOT FIND ARMY OF THE JAPANESE

FEAR IT IS ADVANCING ON VLADIVOSTOK NOW

Also Fear Disappearance May be a Blind

Gunshu Pass, March 28.—The Japanese apparently have withdrawn from the region to the south of the Russian front. Cossack patrols which have been making extensive reconnaissances southward found no Japanese within thirty-five miles. General Linevitch is dispatching scouting parties east and west to guard against a possible turning movement.

Move May Be Only a Blind.
St. Petersburg, March 28.—The impression prevalent in some military circles that the Japanese, having removed the possibility of the main army in Manchuria assuming the initiative, will now turn their attention to the next objective of the war, Vladivostok, is strengthened by the Associated Press dispatch from Gunshu pass announcing the withdrawal of the Japanese from the immediate front of the Russian army for a distance of thirty-five miles south. It is realized, of course, that this may be merely a blind to cover flanking operations, but it is not improbable that the Japanese, having cleared southern Manchuria of Russian troops and secured a position from whence expulsion would be a long and difficult process, may be satisfied to hold the Tie pass line without further extension of communication.

Peace Desired, but War Preparations.
While the voice of the emperor's advisers is for peace if honorable terms are obtainable the government, as is the part of wisdom, is going forward with all provisions for the continuance of the war. Preparations are reported to be making for the mobilization of five corps. It had been understood that the guards would be retained at St. Petersburg, but some of the officers of this crack organization believe their services have been requisitioned and are making preparations to that end.

INTERNAL SITUATION IS WORSE

Crimea and Poland Boiling with Discontent.—Von Nolken to Live.

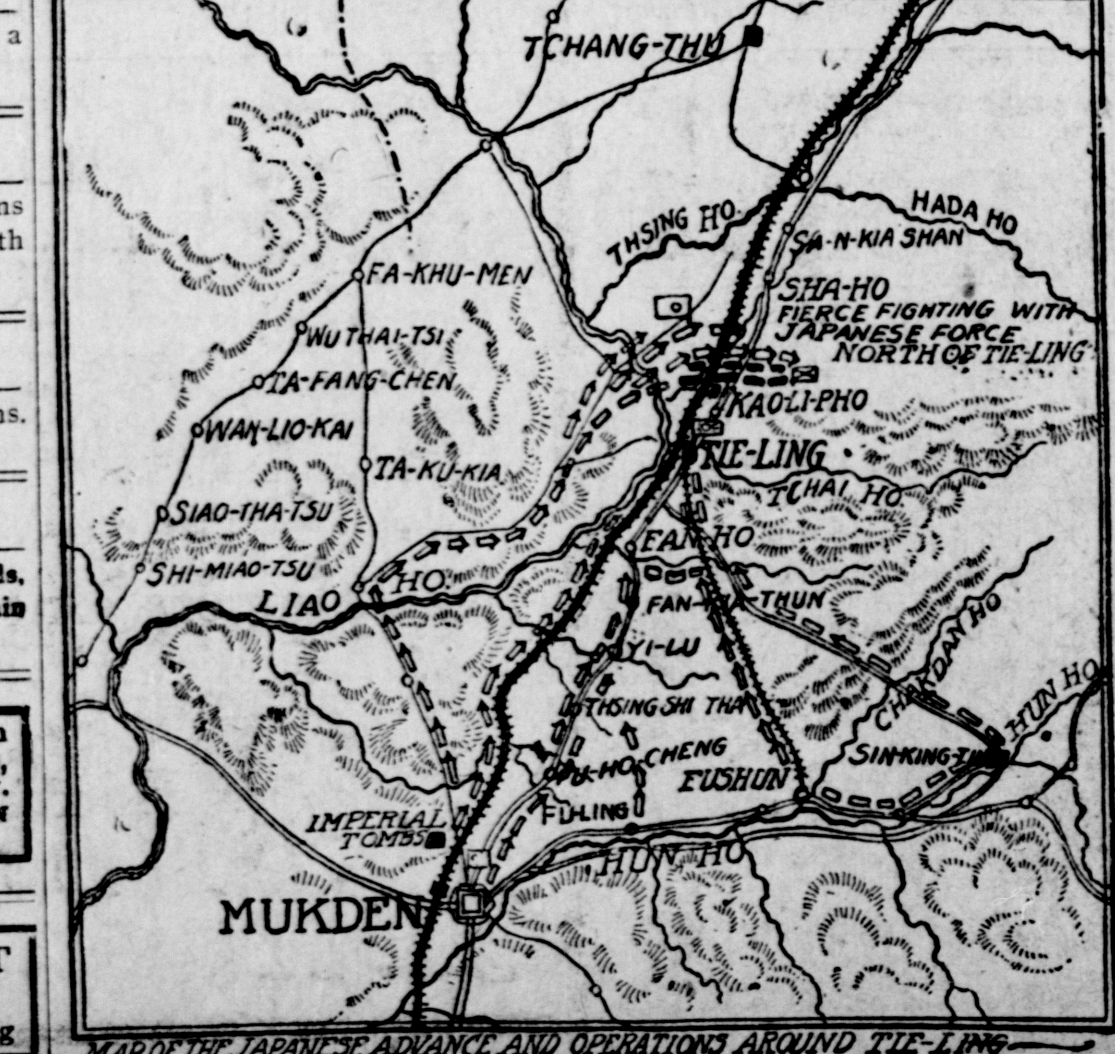

St. Petersburg, March 28.—The internal situation is causing great anxiety, though it is said that the "intellectuals" and the educated classes generally disapprove of the revolutionary spirit which is permeating the peasantry and laborers in Poland. The Crimea is boiling with discontent, and the strong hand of the military force has been invoked to crush the incipient revolution at Yalta, near the emperor's summer residence. The spirit of disorder has spread to Sebastopol. Moderate liberals in St. Petersburg are becoming alarmed at the situation, reports having been received showing that an actual revolutionary propaganda is being pushed with vigor in many sections of the empire. The authorities of the government of Saratoff are closing the schools there on account of the peasant disturbances.

Warsaw, March 28.—Baron von Nolken, who was wounded by a bomb Sunday, is believed to be out of danger, but he is suffering intensely. Further investigation shows the care with which the plans of the conspirators were laid. Many persons of the poorer class proceeding on different streets in the direction of the palace just before the bomb was thrown were warned by persons evidently posted for that purpose to go in some other direction. The bomb-thrower's bad aim saved Von Nolken's life, as the bomb exploded behind Von Nolken's carriage instead of underneath. He seems to have completely escaped.

The man who previously threw a bomb into the police station at Praga, a suburb of Warsaw, injuring six policemen, is believed to be dying. He was injured by a fragment of the bomb as well as by bullets fired at him by the police. He has been identified as a locksmith named Stephen Okreja, 18 years old, and a resident of the Novominsk district.

DOCTOR'S TESTIMONY FAVORS DEFENCE IN DAMAGE SUIT

GREEN BAY, Wis., March 28.—Dr. W. T. Hagen, eye specialist, as a witness for the defense, gave positive testimony yesterday in direct contradiction to testimony offered by the plaintiff on a material point in the trial of the Hollman E. Rahr \$50,000 damage suit for alleged alienation of affections. Otto Beck, aged 19, testified that by looking over a transom he had seen Rahr and Mrs. Albert W. Hollman together in a bedroom on July 28, 1903. Dr. Hagen swore positively that on that day and for several days before and after Rahr was confined in a dark room under treatment for his eyes.

The doctor testified also that on the day in question Mrs. Hollman was visiting at Kish-kewan Te-No, a summer resort near this city.

The examination of plaintiff was concluded. He had been on the stand nearly three days and the case of defense was immediately opened.

That Mrs. Alice Geer Hollman kept a list of dates upon which her husband, Albert L. Hollman, was out late in 1903, and that he found the memorandum and burned it was brought out today on cross-examination of Hollman.

Hollman said that he found the slip of paper under the carpet after

POLISH JEW SHOTS WOMAN FOR REVENGE ON HUSBAND

Crazy Foreigner Claims to Have Been Swindled in Land Deal--is Nearly Lynched

GRAND RAPIDS, Wis., March 28.—In the town of Saratoga, Abraham Kapeyski, aged 33, shot and killed Rebecca Finkelstein, aged 30, wife of S. Finkelstein, yesterday, and then hastened to this city to give himself up to the officers, he being pursued by an angry mob.

Kapeyski, in company with a number of other Polish Jews, settled in the town of Saratoga, about eleven miles from this city, last summer to try their luck at farming. Finkelstein acted as one of the steering agents for several real estate men in Chicago, and by his influence these people were induced to come up here. To Kapeyski he represented that he had a forty acre tract twenty acres of which were nicely under cultivation and the other twenty heavily timbered. Kapeyski upon arriving here found that the tract contained neither the clearing nor timber, but was purely a patch of scrub oak and jack pine, ever since which time he has felt rather angry toward Finkelstein and many quarrels have resulted

because of this transaction. Kapeyski had spent the last of \$750 which he brought with him from the old country and saw nothing in return for it. He therefore became bitter, and this morning a hot discussion ensued between Finkelstein's wife and Kapeyski, during which the latter drew a .38 caliber revolver and shot Mrs. Finkelstein in the breast, killing her immediately.

Many of the colony heard the report of the revolver and hastened to the scene and threatened to lynch Kapeyski, but he beat them in a hot race to this city. He bears a number of marks of violence on his arms and body. He is cool and indifferent and relates calmly the whole affair.

CYCLONE SWEEPS LOUISBURG MINN.

MANY BUILDINGS ARE WIPED OUT

(Scripps-McRae Dispatch.)

ST. PAUL, March 28.—A cyclone completely wiped out every store, two grain elevators, the Great Northern railroad station and numerous other buildings in Lac Qui Parle county at six o'clock yesterday evening. The loss was fifty thousand dollars. Seven people were severely injured including five members of the Winger family whose home was wrecked. Jennie Winger, aged seven, will probably die.

HAVENOR IS OUT ON BAIL

(Scripps-McRae Dispatch.)

MILWAUKEE, Wis., March 28.—Charles Havenor, owner of the Milwaukee ball team, and a former alderman, was today released on bail, instead of being taken to the workhouse to serve two years. A stay was granted by the supreme court.

ROBERT HARRIS IS FIRST BOAT

The first boat on the upper river to get out this season was the steamer Robert Harris which left Trempealeau yesterday morning. The Harris will run this year between Trempealeau and Winona and will not touch La Crosse.

The steamer Kit Carson which has been wintering at Davenport was expected to arrive here today, but has not appeared at the time of going to press.

The Carson left Davenport Sunday and will go from here to Stillwater where she will immediately begin her spring towing. She is manned almost entirely by La Crosse men and has contracts which will keep her at work the entire season.

Carl Zoerb Meets With an Accident

Carl Zoerb, of 1103 South Sixth street, while cutting wood at his home this morning, sustained an accident which may deprive him of a hand.

As Mr. Zoerb was at work with a sharp ax splitting firewood the ax suddenly slipped from his grasp when he was in the air and dropped upon his left hand, cutting him severely.

The wound was dressed at once and Zoerb went to the hospital where he is now being cared for. It is feared that he may lose the hand.

PARTY SPELLBINDERS TO BE BUSY THIS WEEK

Program of Speeches to be Delivered Shows Great Activity on Both Sides

Contrary to predictions made before the primaries, the campaign this season is to be one of the hottest ever experienced here. In the battlefield, questions at issue, and campaign outlines of the two parties are a criterion to go by.

Both democrats and republicans alike are preparing for the struggle and the results of their energy can be noticed already in the different districts.

The democratic city committee held a meeting yesterday and made plans for the campaign, preparing a program of speeches. Their campaign will be opened tomorrow evening at Snow Plow hall by Messrs. O. R. Skaar and W. F. Wolfe, and at Wannebo hall on the north side by Messrs. Paul W. Mahoney and A. C. Wolfe.

These speakers will go over the platform adopted by the democratic party several days ago, and will dwell on every plank, carefully explaining each.

The democratic speeches tomorrow night will perhaps be the most important of the entire campaign inasmuch as they will be general and not devoted to any special issue.

The program of the democratic campaign and the speakers are as follows:

Tomorrow night—At Snow Plow hall, O. R. Skaar and W. F. Wolfe; at Wannebo hall, north side, P. W. Mahoney and A. C. Wolfe.

PUGILISTIC FARMERS MAKE UP IN COURT

"I guess I didn't want this man arrested, judge, and you'd better drop the case right away. I want to withdraw my complaint."

The speaker was Charles Van Zandberger, a farmer, and the scene was the county court room, shortly before noon today.

Yesterday morning Van Zandberger appeared and in an exceedingly hostile manner demanded the immediate arrest of Adolph Sutterman, a neighbor, on a charge of assault and battery.

Not only did he want him arrested,

but he wanted the sheriff to set out after him at once.

Today Van Zandberger appeared again in company with the man for whom he had secured a warrant, and the pair lined up before the judge's desk arm in arm. Van Zandberger and Sutterman appeared to be the best of friends, and both smiled pleasantly at the judge as he entered.

Van Zandberger explained that he had made up with his pugilistic enemy, and did not wish to prosecute him. He paid the costs, \$3.50, cheerfully and the two disappeared.

MERRYMAN WORTH ABOUT \$3,000,000

MARINETTE, Wis., March 28.—Estimates of the estate of the late Andrew C. Merryman vary from \$2,000,000 to \$5,000,000. Mr. Merryman made a will last summer, but its contents are not known. Mr. Merryman held large holdings in a dozen paper mill plants and owned thousands of acres of standing redwood

NORMAL BILL IS ADVANCED

La Crosse Measure Goes to its Third Reading in the Senate

MONEY TO BE AVAILABLE FOR SITE MAY 1ST., 1906

SEN. EATON, ACQUITTED ON CHARGE OF BRIBERY TAKES HIS SEAT BUT DOES NOT VOTE

BY ROBT. E. KNOFF.
(Tribune Special Dispatch.)

MADISON, Wis., March 28.—The senate passed the La Crosse normal school appropriation, advancing it to its third reading. An amendment was adopted making \$30,000 for the site and plans available May 1, 1906, and calling for the purchase of the site and the preparation of plans immediately thereafter.

The Senate passed by a vote of 21 to 9 the McGilivray good roads bill providing for the submission of a constitutional amendment to allow the state to appropriate money for good roads when local appropriations are also made. Senators Burns, Kreutzer, Merton, North, Randolph, Ruehrer, Whitehead, Wolf and Wright opposed it. Senator Barney A. Eaton, the indicted bribe taker, was in his seat and answered to the opening roll call, but did not vote and took no other part in the proceeding. No objection was raised to his presence.

The Stoddard resolution that the legislature go to St. Paul to inspect the new Minnesota capitol was amended so as to open the way for the state to pay the expenses and passed. The vote was 16 to 9. The Rummell resolution for a constitutional amendment to provide for a means for the ousting of state officers by petition

was killed. The senate passed or concurred in 24 bills including that providing that local fire insurance agents counter-sign policies and providing punishment for abandonment. The assembly passed the H. Johnson bill to tax vessels as personal property and the Bell bill to empower common councils to order electric wires placed underground. The committee on manufacturing and labor introduced a new bill appropriating \$25,000 for the Wisconsin exhibit at the Portland exposition.

The proposition for the Wisconsin legislature to go to St. Paul to inspect the new Minnesota state capitol is meeting with such favor that the twin cities will probably have 133 Badger lawmakers on their hands the last of this week.

The assembly passed an important bill to protect the state from possible loss in connection with the ad valorem railroad taxation litigation, in which the roads are contesting the validity of the assessment made by the state tax commission under the new law passed by the legislature two years ago. The bill provides that if the courts knock out the ad valorem law, the roads shall then pay the amount that they would pay under the old license fee law.

The remains of Theodore A. Kidder which arrived here this morning from Las Vegas, New Mexico, were today interred at their final resting place in Oak Grove cemetery.

The funeral was held from Tillman's undertaking parlors on South Third street, owing to the illness of Mrs. G. W. Kidder, the young man's mother.

A brief but touching service was delivered at the grave by the Rev. Mr. Vance, pastor of the King street M. E. church.

The service was attended by friends and relatives including members of the Brotherhood of Railway Trainmen, and Independent Order of Foresters, both of which organizations the deceased was a member.

Many beautiful floral offerings from the Trainmen, the Foresters and from relatives marked the ceremony.

The following officiated as active pall bearers: Fred Harwell, Horace Norton, Fred Colton, Ray Hiscoc, Willard Olson and Walter Hosley.

COURT HOUSE TO HAVE OPENING THURS.

Thursday will be visiting day at the new court house.

On that date the new structure will be thrown open to the public for inspection, and all members of the building committee, as well as the county officers and their assistants will be there to show visitors through.

No special speeches or program of any kind has been arranged.

The reason for holding the open house on Thursday is that the county board meets at this time and this will give the country members a chance to go over the building.

COUNTERFEITERS ARE UNEARTHED

(Scripps-McRae Dispatch.)
DENVER, March 28.—An extensive counterfeiting scheme has been unearthed here by federal authorities. Operators are believed to have secured fully \$50,000 in the larger cities of the country. The counterfeit is one of the best duplicates of the one and twenty dollar bills ever detected by the authorities.

MRS. J. BROOKS SHUMAN GOES TO CALIFORNIA

Mrs. J. Brooks Shuman left last evening for San Francisco, Cal., where she will join her husband. Mr. Shuman is a well known La Crosse boy and is now a first lieutenant in the army and has been stationed at San Francisco. Mrs. Shuman will begin her new life there at once.

WEST SIDE HAS A BOB-TAILED CALF

A freak of nature, in the shape of a "bob-tail" calf was born Friday to a cow belonging to Arthur Hinkley of West La Crosse.

There is no sign of a tail and nearly all of the residents of French Island have called to see it.

It would no doubt be a drawing card in a museum although at present Mr. Hinkley has no such prospects in view.

MRS. SHEPARD OPERATED ON.
Mrs. W. E. Shepard of the West Salem road was taken to the La Crosse hospital Monday.

She was operated upon this morning and is resting easily today and is getting along as well as can be expected.

STORM OVER OIL MONEY

(Scripps-McRae Dispatch.)
BOSTON, March 28.—While a storm of protests against accepting the hundred thousand dollar gift of John D. Rockefeller to the American board of foreign missions of the Congregational church is at its height it develops that the board has already accepted \$47,500 of the amount which now reposes in the board's strong box. Secretary Barton today said the question is "Will this amount be returned?" The Prudential committee of the board meet this afternoon to decide what course to pursue.

Prominent Hudson Lawyer Dies

HUDSON, Wis., March 28.—John W. Bashford of this city, one of the most prominent attorneys of northwestern Wisconsin, is dead.

Mr. Bashford was born in Madison and was educated for the Methodist ministry. Later he took up the law and for many years enjoyed a large practice. He was prominent in politics and was a leader of the democratic conventions as a delegate, his voice often being heard on the floor.

Mr. Bashford was a graduate of the University of Wisconsin. He held several state offices during his life and at one time was a member of the board of university regents.

MADISON, Wis., March 28.—R. M. Bashford has gone to Hudson to attend the funeral of his brother, S. W. Trousdale of this city, presiding elder of the Madison district of the M. E. church, who is a half-brother, will also go.

NORTH SIDE BRIEFS

Iver Lien of Westby is in the city. He will return in a few days with his family and will locate upon his farm there.

North Side Office, Tribune, 532 Mill street, in E. Singer's jewelry store. Call and see "Our Island and Their People." Only a few sets left.

Mrs. D. J. Davidson of 1602 Charles street has been called to the bed side of her father who is seriously ill at his home in Westby.

Mrs. G. H. Krell of 1617 Berlin street who has been ill for the past week is convalescing.

F. J. Groezinger of Waukon, Iowa, is in the city visiting his parents at 1413 Avon street.

The turn table of the Milwaukee round house on the north side is broken and they are having considerable trouble in getting the engines in and out of the house.

If you live in North La Crosse, and miss your paper, telephone Tribune north side office at once. Old phone.

Mrs. John Grimes has returned from a week's visit in Green Bay, Wis., with her son Edward who is employed there.

J. M. Thompson of Alma, Wis., was a business visitor on the north side yesterday. He owns the meat market at the corner of Caledonia and Wall street.

Walter Rice and C. U. Lempke have returned from a few days' visit in Sparta with friends.

Tribune's aim: Best delivery, biggest circulation, broadest representation.

Clarence Lawton of the Superior division is visiting his friends on the north side. He is well known on this and formerly ran on the La Crosse division.

WISCONSIN CHURCH ROBBED OF ITS SERVICE

(Scripps-McRae Dispatch.)
MILWAUKEE, Wis., March 28.—St. James Episcopal church at Manitowoc was robbed of its church service valued at five thousand dollars. The robbers set fire to the church but the damage was small.

Threatened to Ruin Reputation of a Girl

WAUKESHA, Wis., March 28.—George Freeman of this city is in jail on a charge of attempting to extort money from a young woman. He was arraigned in the municipal court and his hearing set for April 5. His bail was fixed at \$600, in default of which he was sent to jail. The complaint states that the defendant attempted to get \$25 from the woman under threats to ruin her reputation, and force her to lose her position if she did not comply.

The marriage of Miss Dora E. Edwards to Leonard Darwin of Waterloo, Ia., will take place Thursday at the home of the bride's mother, Mrs. John Edwards.

If you want to read a newspaper that can be depended upon—The La Crosse Tribune is the paper you want to subscribe to.

MUSICAL ON NORTH SIDE THIS EVENING

A musicale will be given this evening at the home of Mrs. H. P. Lawson, at 1325 Kane street. Those invited are:

Misses Burroughs, Mrs. Ed. Laukhlin, Mrs. Shinkle, Barbara Russell, Elise Lovold, Alida Lindsay, Miss Lucy Hogan, Mr. and Mrs. J. M. Morphy, Percy Gilley, John Wiley, Mrs. Frank Collier, Mrs. J. Wilson, Mrs. W. Horner, Miss Pearl Johnson, Ella Brake, Francis McKorzy, Mrs. Russell and Mr. and Mrs. Peter Johnson.

WILL APPEAL CHADWICK CASE

CLEVELAND, March 28.—Judge Wing, counsel for Mrs. Chadwick, will leave for Cincinnati this evening to ask the circuit court of appeals to reverse Judge Taylor and grant his client a new trial and also to stay execution of sentence. District Attorney Sullivan will oppose Wing's action.

MILLINERY OPENING

Ladies are cordially invited to attend REITZEL'S Millinery Opening Thursday, Friday and Saturday, March 30, 31st and April 1st.

Bridge Swept Away by a Flood

JOHNSON CREEK, Wis., March 28.—Just after W. J. Feind, a creamery man of Heleville had driven across a light bridge over the creek passing through this place, and had been warned to hurry across, at a point about four miles from here, the bridge was swept down the creek and is now reposing against the railroad bridge here. The masses of ice coming down the little stream are endangering the safety of all the bridges crossing the creek.

ROCK RIVER UNDERMINES WALL AT BELOIT

BELOIT, Wis., March 28.—A portion of the wall next the river of the building known as the Bicycle works now unoccupied fell into Rock river yesterday, the foundations having been undermined by the high water. The Water Power company are securing chutes in the dam, turned the current toward the building and the owners will hold the Water Power

CONDENSED TELEGRAMS

Young Man Wanted for Murder.
Green Bay, Wis., March 28.—The police have in custody a man named Wesley who is suspected of the murder of two persons, committed about one year ago in the Mesaba range in the northern part of Minnesota. Wesley is a Green Bay boy and came here to visit his parents. It is understood that Wesley is one of two men wanted by the authorities in northern Minnesota for the murder of an old man and his daughter who lived alone on a claim in that vicinity.

Couldn't Leave His Old Parish.
Philadelphia, March 28.—Rev. Dr. Beverley Ellison Warner, rector of St. Stephen's Episcopal church, has tendered his resignation to the members of the vestry. Dr. Warner came to this city from New Orleans about a month ago. For eleven years he had been rector of Trinity church in that city and his love for his old church is the only reason advanced by Dr. Warner for his resignation.

Accepted Last Year's Scale.
Cleveland, March 28.—An agreement has been reached at the wage conference between the Lake Carriers and the Marine Firemen's, Oilers' and Water-Tenders' union, whereby the men will receive last year's wages. The employees at first asked for an increase of 20 per cent.

Ames Runs for His Claim.
Minneapolis, March 28.—Dr. A. A. Ames, ex-mayor, has at last filed his suit against the city for \$490 back salary, alleged to be due him, and it will be tried at the April term of the district court. The doctor's attorneys allege that they have a clear case.

His Girl Went Back on Him?
Port Huron, Mich., March 28.—County Clerk Foley received the following letter from Smith's Creek: "Dear Sir—Please cancel this license as I am not going to be married. Yours truly, Madison London. London came to the county clerk's office last week and secured a license to marry Edith Street, of Gardendale. It is presumed the lady followed a woman's prerogative and changed her mind."

He Feared Loss of Place.
Bloomington, Ill., March 28.—Dependent over a fear that he would not be reappointed at the annual meeting of the city council Alonzo Hall, superintendent of the waterworks department in Normal, took laudanum and then fired a bullet through his brain. He left a note giving his wishes concerning his funeral. Hall was 48 years old and had been in charge of the plant for twelve years.

United by Death and Divorce.
Boonville, Ind., March 28.—Mrs. Eva Vincent and John Baker, of this city, were married at Newberg, this county. Twenty-five years ago they were engaged in Newberg, but parental objections prevented marriage. Baker married another woman, and Mrs. Vincent, then Eva Walden, also married. Recently Baker's wife died, and Mrs. Vincent obtained a divorce.

STATE FUNERAL ATTENDED BY PRES.

(Scripps-McRae Dispatch.)
WASHINGTON, March 28.—A state funeral was held today over the remains of Don Manuel de Aspiroz, the Mexican ambassador. It was attended by the president, the members of the supreme court and the diplomatic corps. After impressive services at St. Matthews Catholic church, the body was carried to a vault at Oak Hill cemetery, where it will lie until April 8, when it will be transferred to New York for transport to Mexico on the cruiser Columbia.

THE PHILIPPINES ILLUSTRATED.

Prof. B. E. Thomas, one of the first lot of teachers sent to the Philippines, after a service of three years in one of the wildest parts of the islands, in northern Luzon, has recently returned on leave of absence.

While in the islands he came into close contact with the savage Negritos, the head hunting Igorrotes, the more advanced Vizayas and the wily Mohammedan Moros.

The professor was indefatigable in getting photographs. These have been mounted for us with a lantern to illustrate a vivid and extremely interesting lecture on these strange people by Prof. Thomas.

Prof. Thomas is a young man with a receptive mind, keen intelligence, sympathetic heart, and possessed of a sense of humor that enables one through him to see the scenes he has looked upon.

Having heard the professor lecture we can assure the public of a rare treat.

This lecture will be given Thursday afternoon at 4:30 at Y. M. C. A. hall, for children particularly. Admission 10c. In the evening, for adults, admission 25c. Given under the auspices of Sixth District School.

Via the Northwestern Line, will be in effect from all stations April 10 to 14, inclusive, with favorable return limits, on account of Meeting of Woodmen of the World. Two fast trains to California daily. "The Overland Limited" (electric lighted throughout), less than three days en route. Another fast train is "The California Express" with drawing room and tourist sleeping cars. For rates, tickets, etc., apply to agents Chicago & Northwestern Ry.

MILWAUKEE GRAFT- ER ARRESTED IN ARIZ.

CHAS. COOKE CHARGED WITH BRIBERY

(Scripps-McRae Dispatch.)

TUCSON, Ariz., March 28.—Charles Cooke, formerly a Milwaukee alderman, accused of accepting bribes in connection with the street railway franchises and who it is alleged jumped his bonds and came to Arizona, was arrested by a Milwaukee detective. Cook waived extradition and started back.

Voters Say Primaries Should Determine

From talk heard in various parts of the city and among different classes, it is very evident that the consensus of opinion is that candidates should abide by the will of the people, as it is expressed at the primaries. It is understood that L. W. Gosnell proposes to run independently for alderman in the first ward, since he was defeated for the nomination on the regular republican ticket. It is also heard, there will be a few others who are considering disregarding the will of the people as expressed in the primaries, and propose to run independently for alderman and other offices.

It seems to be the opinion that the effect of this will be only to defeat other candidates, as the independent candidates undoubtedly would be defeated at the election by a larger majority than at the primaries. There are elections coming and all who have been heard to express an opinion incline to the belief that the unsuccessful candidates would strengthen their own cause for future favors from their party and people by accepting the primary decision and waiting until another opportunity is offered to run on the regular ticket.

North American has Handsome New Office

The North American Telegraph company has settled in handsome quarters at 218 main street, and now has one of the most up to date telegraph offices in the state. Everything in the office is new, and of the very latest and most approved pattern. The furniture and fixtures are of dark oak and present a very attractive appearance. Louis Seaman, the popular manager of the company's interests here, supervised the move, which was a tedious matter. Business was not hampered at any time, however.

New Building for Monumental Wks.

Work was commenced yesterday by the La Crosse Monumental Works on a handsome new stone building which they propose to erect on La Crosse street, opposite the Oak Grove cemetery.

The company intends removing its plant to the new building as soon as it is completed.

TOM MORRIS TO TALK FOR REPUBLICANS

Senator Thomas Morris has been persuaded to take the stump in the interests of the republican city campaign. Mr. Morris will deliver his first oration next Saturday evening on the north side. The hall has as yet not been selected, but Union hall has been suggested as a favorable meeting place.

PROMISCUOUS HUNT- ER HITS FIREMAN

While train No. 4 was coming into the city last evening, and had reached a point near the Black river bridge just outside La Crosse the report of a shot gun was suddenly heard, and fireman Johnson of Minneapolis received a charge of fine shot through the cab window. Fortunately the gun was not heavily loaded and the shot only pierced his clothing, without inflicting serious injury. The matter was reported upon arrival here.

NOTIFICATION

TO THE PUBLIC:

The officers of the Wisconsin Light & Power Company have heard that there is a rumor to the effect that a consolidation with the La Crosse Gas & Electric Company is in contemplation and that the Wisconsin Light & Power Company will not be in an independent position.

This company wishes to state that all rumors of this nature are absolutely false.

The facts are that the Wisconsin Light & Power Company will be independent of any and all other companies and expects to be in a position to furnish electric current for lighting and power purposes as early as September 1, 1905.

Wisconsin Light & Power Co.

La Crosse, Wis., March 24, 1905.

D. E. BICE,

For City Treasurer.

(Republican Candidate.)

WASHINGTON, March 28.—President Roosevelt is likely to take a hand in the presidential game of 1908, which is beginning so actively, under the energetic propulsion of Vice President Fairbanks and Senator Foraker.

Roosevelt has viewed with some amazement the performances of his distinguished coadjutor. He recognizes the right of anybody to be a candidate for the presidency, but he is a little surprised at the calm nonchalance with which he himself has been left out of the reckoning. Fairbanks, Foraker, Cannon and the rest are going ahead as if the national convention were to be held next month and as if the events of the next four years had been reduced to a cipher which has been rubbed out.

Col. Dan Ransdell, sergeant-at-arms of the senate, is acting as one of the managers of the Fairbanks boom. He had some experience with this work in the campaigns of Benjamin Harrison. It is a part of his duty to round up out-of-town visitors, especially chairmen and members of republican state committees, and others likely to be of use in future. For example, when the messengers brought the Roosevelt electoral returns to Washington they were all corralled by Ransdell and entertained by Senator Fairbanks, who sent them away with autographs, and many a kind word added thereto. During the inauguration the state governors were entertained by Fairbanks, together with a number of prominent New York financiers.

Some of the democrats in Washington—and there are a few left—have been unkind enough to call attention to the fact that Frank Vanderlip was entertained with Mrs. Vanderlip by the Fairbanks during the inauguration. The significance, to a democratic mind, is found in the fact that Vanderlip is at present the political representative of the Standard Oil company interests. He is an official of the City National bank of New York, which is the Rockefeller bank.

Within the past week or two Fair-

banks has had Chairman Goodrich of the Indiana republican state committee out in the states of the far west, feeling out the members of local state organizations. It is said, too, that he has had agents in the south looking after the colored leaders.

GAS, NOT HYPNOTISM KILLED THE GIRL

New York, March 28.—Mrs. James Huestis, of White Plains, N. Y., who for the past sixteen days has been in a state of coma in the Presbyterian hospital as a result of gas asphyxiation, is dead at the hospital. Mrs. Huestis and her daughter Luella were taken to the hospital from the residence of friends whom they had been visiting, where they were found one morning overcome by gas. In spite of all that could be done for their relief the daughter died three days ago and the mother succumbed later. The coroner's physician, who performed the autopsy on the body of Mrs. Huestis reported that he found nothing suspicious, or even remarkable in the case, to distinguish it from ordinary cases of gas poisoning. The young woman was said last week to have died of hypnosis, the two women having unconsciously hypnotized each other.

TAXATION.

There has not been any increase in the burdens of taxation during the last six years. Yet the public improvements made in that time have exceeded by far all previous history in La Crosse. This fact alone entitles the party now in power to the confidence of every voter in this city.

The fact that the tax rate has not increased is a striking evidence of splendid management. Few people will consider the county court house as a factor in increasing the expense of the city government but if we will stop to consider that sixty-five per cent of every dollar spent on the court house and in keeping it up comes out of the city of La Crosse, the financial showing of the city of La Crosse is something wonderful. The county board of La Crosse called upon the city of La Crosse for at least thirteen thousand dollars more the past year than the year preceding. More than one-third of all the taxes collected in the city of La Crosse must finally be handed over to the county of La Crosse and it is a fact that if the county board managed its affairs with the same prudence as does the common council our tax rate would be seven-teen mills instead of eighteen.

A PECULIAR DOCUMENT.

The republican platform is a peculiar document. It is mostly composed of libelous declarations. By authority of the common council, regardless of party, a resolution for the appointment of a committee to examine into the water question was adopted. That committee was composed of the Mayor, Aldermen Spence, Heath and Smith and Bacheller. After considerable correspondence, Prof. Davis of Des Moines, Iowa, was selected to make the examination. He came very highly recommended. Now the republican candidates for office see fit in their so called declaration of principles, to denounce him as a fraud. That he came here pretending to be unbiased and not committed to any particular system, whereas he came here working in the interest of a particular system and to create sentiment in favor of a filtering plant.

Prof. Davis would be justified in commencing an action of libel against his detractors, Messrs. Bunge, Ring, Bice, Arenz, Vollmar, Walker, Baldwin, Hirschheimer and the rest of the republican candidates.

AS TO OUR WATER.

There has sprung up a difference in opinion between Expert Floyd Davis, who is conducting an examination of La Crosse water and the state chemist. It can scarcely be termed a difference in opinion for their analysis of the water is almost identical. There exists, simply, a difference in interpretation, as to whether water highly contaminated with chloride is dangerous.

The state chemist says the water taken from the Hirschheimer and Smith wells are "very high in chloride."

This is what Prof. Davis said.

The state chemist says there is much chloride in the soil, but that it is not dangerous.

Prof. Davis knows the chloride comes from the soil, but holds that it is dangerous to the health.

Hence, all it amounts to is as to whether the chloride is dangerous to the health, and between these two men, both experts, there is a difference of opinion in this regard.

Some years ago La Crosse water was examined by the state chemist. Every sample was pronounced unfit for use. The only exception was in the case of the artesian wells, the water of which was pronounced pure.

WE ARE NOT "GOING TO THE DOGS."

Many have an idea from the sensational announcements of measures under way, that the people of this country are engaged in a life-and-death struggle with the great financial and industrial interests.

The people have been pictured as being strangled in the tentacles of hideous otopi until many seriously believe that to be their real condition.

That there are wrongs, in big business enterprises and in small, there can be no question.

That wise remedies might better the condition of all it not to be doubted.

But that this country is going to the bowwows unless things are promptly turned upside down and inside out is poppycock.

The whole business structure rests, and has always rested on the conviction that men will fulfill their obligations and deal fairly. This is the foundation of credit. Ninety-five per cent of the total business transactions of this country are carried on, not in cash, but in credit based on that conviction, showing how general it is and how firm.

Confidence, not suspicion, is and must be the prevailing tone of the business world. The proceedings of the bankruptcy court show strikingly

J. S. ARENZ & CO 323 Pearl

that the great majority of business failures are not tainted by dishonesty or dishonor.

We hear more about delinquencies of all sorts than we did when the facilities for gathering news were meager. And every little village and country crossroads even has its self-appointed oracle, who may not know enough to earn a dollar and a half a day, but who imagines he clearly understands the most intricate mysteries of great business enterprises involving millions of capital and employing tens of thousands of men and noisily preaches the doctrine that great success is great fraud.

But the broader-minded optimist sees that justice, honor and honesty are the normal conditions--that they rule as a matter of course in social and business relations. Millions of instances in which they are in evidence never appear under startling headlines of a newspaper. They are far too ordinary to constitute "news."

An honest man creates no sensation as he passes along the street attending to legitimate business, but the thief in custody attracts a crowd.

The common belief that the vast majority of men are honest is just as pronounced now as ever it was. It bears silent but convincing testimony to the fact that humanity is not going backwards.

The great tendency of our American society, whether political or industrial, is toward the general welfare and the common good. We did not begin with classes in this country and we are not ending with them.

The pessimist sees in a few conspicuous railway magnates the sole owners and beneficiaries of the twelve billions of railway wealth. The optimist sees in them men of genius for organization and management and back of them something like 2,000,000 persons who, through dividends, interest and wages, divide among them the earnings of the roads.

We cannot retrograde so long as we do not cease to believe in the right education of every child and to remove as far as possible the obstacles that would interfere with the moral and intellectual as well as the industrial advancement of every workingman's family, whether in town or country.

Vast as are becoming the fortunes of many individuals through their control of productive forces, the excessive centralization of wealth in a few hands is more than counterbalanced by the growth, on the other hand, of diffused comfort, and, above all, by the growth of general intelligence and capability.--St. Paul News.

ALLEGED REPENTANT LOVER WOULD GIVE ALLEGED SWEET-HEART ALLEGED FORTUNE

Blanche Beveria, a former La Crosse woman now supposed to be dead, has a fortune awaiting her here, says a "current report."

In former years Miss Beveria had a lover here. They quarreled and Miss Beveria left La Crosse. Nothing was heard of her for years until some time ago it was said that she had located at Portland, Ore.

Her lover is now looking for her. Although it was reported that she committed suicide about six weeks ago, he does not believe this is true. Having come into possession of a fortune now declares it his purpose to make reparation to her by settling \$10,000 on her.

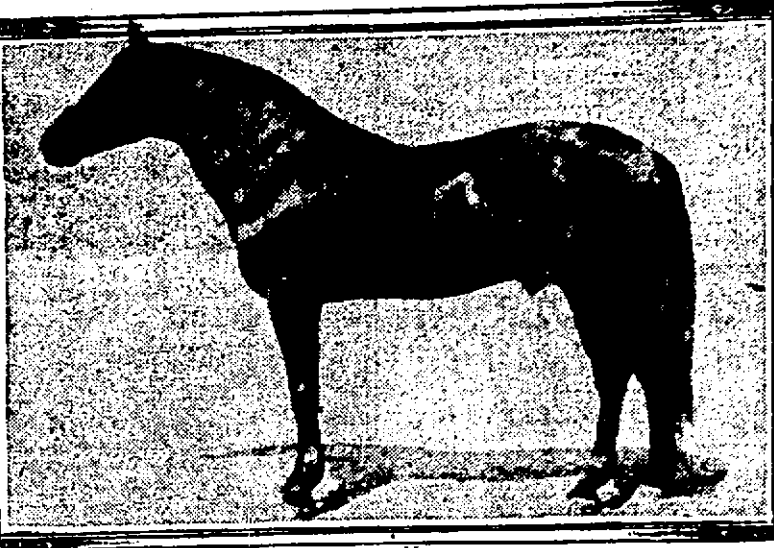

EXPECT ROYAL GATHERING TO TALK PEACE

London, March 28.--According to arrangements, which are still liable to revision, King Edward will leave London on April 6. He will join Queen Alexandra at Cologne, and from thence their majesties will go to Copenhagen for the celebration of the birthday of King Christian April 8.

The Associated Press correspondent at Copenhagen telegraphs that as far as known King Edward's visit has no connection with Russo-Japanese peace parleys, but that King Christian strongly favors peace, and should the dowager empress of Russia also come to her father's birthday celebration it will be regarded as a signal of a peace conference at Copenhagen. It is reported that M. d'Iskowsky, the Russian minister to Denmark, left St. Petersburg on Saturday for Copenhagen.

ARRESTED, CHARGED WITH DOUBLE MURDER

Green Bay, Wis., March 28.--Suspecting him of being one of two murderers of an aged man and his daughter in the woods on the Mesaba range of northern Minnesota, a year ago, the police here have in custody a man giving his name as Wesley.

The man who was arrested last night and another man are alleged to be the pair who made their home with the old man and his daughter. The latter sold a quarter section of land and received a considerable sum of money for it. Shortly after this the old man and the daughter mysteriously disappeared.

Spain Wants her Guns From Cuba

Washington, March 28.--Spain has never been able to recover from Cuba the ordnance left there at the termination of the Spanish-American war, and Senator Ojeda called upon Secretary Taft to learn the position of this government in the matter. Under the terms of peace it was held that Spain was entitled to all of the movable ordnance in Cuba and Porto Rico, and in the latter case its claim had been recognized and the ordnance transferred. But in the case of Cuba there appears to be some difficulty in securing the recognition by the Cuban government of the obligation entered into by the United States.

Secretary Taft caused a cablegram to be sent to Minister Siquiera, in Havana, instructing him to notify the Cuban authorities that the ordnance in question remains the property of Spain; that it was never possessed by the United States and should be returned to Spain.

TEAR UP SWITCH ON MARKET STREET

Owing to the vigorous objection by property owners along Market street and in anticipation of the proposed improvement of this street, the street railway company has torn up its double track on Market street between Fifth and Sixth streets, and is replacing the same with a single line.

The double track at this place was laid before Seventh street was double tracked. At the present time therefore the siding on Market street is of no use to the company.

FUNERAL OF C. KINDER

The funeral of Charles Kinder who died at his home 731 North Ninth street Sunday afternoon will be held tomorrow morning from St. Joseph's Cathedral at nine o'clock. Interment will be made in the Catholic cemetery.

Mr. Kinder was an old resident of La Crosse having come to this city in 1868. He was well known here having lived here continuously since that time.

He is survived by a widow and eight children, only three of whom reside in this city.

INJURED BY DISCUS

Alfred Grams, a high school boy, a son of W. Grams a South Third street grocer, was injured yesterday at the school campus by being struck on the head by a discus thrown by one of the athletes in practice. The missile struck a woodpile and glanced, striking young Grams on the head and cutting a severe gash in his scalp.

County Was Hard on Federal Court

The question has been raised as to whether the county of La Crosse will reimburse the government for the repairs necessary at the United States court room in the federal building.

This court room has been used by the county for over a year for circuit court purposes, during the erection of the new building. It is now in a dilapidated condition. The furniture is worn and torn and the expenditure of quite a sum of money will be necessary to again put the court room in good shape.

Southeastern Trains are Derailed

Owing to a sudden thaw the roadbed of the La Crosse & Southeastern railway has been weakened to such an extent that two trains were derailed Sunday.

Owing to the haste with which the roadbed was constructed last fall in order to complete it before the frost set in, it is now in bad condition in many places. It is being repaired this week, without interference with traffic.

MALIGNER OF CEMETERY ASS'N. IN DARK

"Elijah didn't show up," said Secretary R. Calvert yesterday in speaking of the meeting of the Cemetery association Saturday evening.

"Despite the fact that he raised considerable holler about not being represented in the association and attempted to create a feeling against us, he never appeared in the meeting."

"Of course we therefore paid no attention to the communication alleged to have been written by him. Such a contemptible act is considered beneath the notice of the Cemetery association," he added.

The regular meeting was held Saturday evening at the La Crosse club. It was brief, business being chiefly of a routine nature.

CITY NEWS

Have Colby do your wiring. Have you seen the Wisconsin Light & Power Company's ad.

While attempting to climb out of a wagon yesterday, where he had caught a ride John Haas, a nine year old boy, residing on Farewell street, caught his left leg in the wheel of the vehicle and had it broken just below the knee.

A strength tonic that brings rich, red blood. Makes you strong, healthy and active. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets.

The Wisconsin Light & Power company would be pleased to have citizens read their ad.

Hubbard Brothers, the practical wall paper cleaners, will be pleased to meet all old patrons and will appreciate all new ones. All work guaranteed. Leave all orders at Hebbard's drug store, corner Main and Fourth streets. Both phones.

Mr. Mader will leave for Chicago tonight on business.

The children will enjoy seeing the trained animal circus at the Bijou theatre.

William Stoehr, after roundly abusing everyone in his neighborhood and using obscene and abusive language to everyone whom he came in contact, was yesterday sentenced to fifteen days at the county jail by Judge Brindley. He was charged with vagrancy.

Picture frames made to order, I. G. Loomis, 318 Main street.

The Wisconsin Light & Power company will be able to furnish current as early as Sept. 1st. See their ad.

CLOTHES EDUCATION

IS A NATIONAL NECESSITY

As long as the custom of the country compels you to invest money in clothes, why not devote some thought to the subject and make your money do its best work? Many men seem to think that all ready-to-wear clothes are alike and that it matters not where they are bought. This is a serious and expensive error. There are three or four houses in this country whose product ranks with the best work of the best custom tailors. We consider these worthy of our admiration and yours. And these are the only ones we offer you.

We will gladly explain and demonstrate the difference between our lines and those commonly offered for sale. And the education will profit you in more ways than one.

We speak wholly from conditions—with no desire to offend competitors—but with every wish to bring out the truth.

NICE SPRING SUITS.

In selecting your Spring Suit you should use great care and get the kind that hold their shape and color. It is just as easy to get this kind of a suit as it is to get the kind that, after a few times wearing get that sloppy faded appearance. We pride ourselves on well-tailored, and fast color suits. Our suits keep their shape and color until they are worn out. That's why we say you should be careful where you buy your Spring Suit.

Cravenettes

You know every man, used to buy a rain coat, it was made only for rainy weather, you could not look dressed up in it. Now the Cravenette takes the place of the old raincoat, and it keeps you dry when it rains and is a nobby garment to wear on chilly mornings.

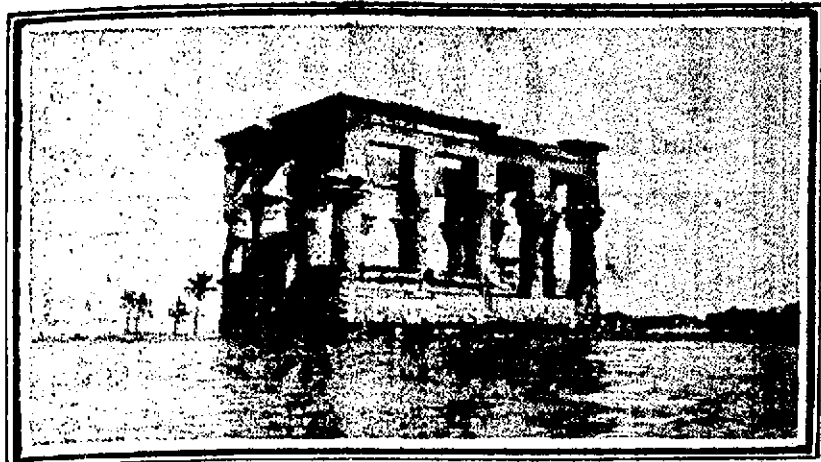

We have a beautiful assortment of them and cordially invite you to step in our store and see them.

Although every effort was made to underpin the foundations of the picturesque temples of Philae before the barrage was closed and the island inundated, the Nile must conquer, sooner or later, and these masterpieces of ancient architecture will vanish. COSSACKS CAN NOT FIND ARMY OF THE JAPANESE

FEAR IT IS ADVANCING ON VLADIVOSTOK NOW

Also Fear Disappearance May be a Blind

Gunshu Pass, March 28.—The Japanese apparently have withdrawn from the region to the south of the Russian front. Cossack patrols which have been making extensive reconnaissances southward found no Japanese within thirty-five miles. General Linovitch is dispatching scouting parties east and west to guard against a possible turning movement.

ing movement.

Move May Be Only a Blind.

St. Petersburg, March 28.—The impression prevalent in some military circles that the Japanese, having removed the possibility of the main army in Manchuria assuming the initiative, will now turn their attention to the next objective of the war, Vladivostok, is strengthened by the Associated Press dispatch from Gunshu pass announcing the withdrawal of the Japanese from the immediate front of the Russian army for a distance of thirty-five miles south. It is realized, of course, that this may be merely a blind to cover tanking operations, but it is not improbable that the Japanese, having cleared southern Manchuria of Russian troops and secured a position from whence expulsion would be a long and difficult process, may be satisfied to hold the line without further extension of communication.

Peace Desires, but War Preparations.

While the voice of the emperor's advisers is for peace if honorable terms are obtainable the government, as is the part of wisdom, is going forward with all provisions for the continuance of the war. Preparations are reported to be making for the mobilization of five corps. It had been understood that the guards would be retained at St. Petersburg, but some of the officers of this crack organization believe their services have been requisitioned and are making preparations to that end.

INTERNAL SITUATION IS WORSE

Crimea and Poland Boiling with Discontent—Von Nolken to Live.

St. Petersburg, March 28.—The internal situation is causing great anxiety, though it is said that the "intellectuals" and the educated classes generally disapprove of the revolutionary spirit which is permeating the peasantry and laborers in Poland. The Crimea is boiling with discontent and the strong hand of the military force has been invoked to crush the incipient revolution at Yalta, near the emperor's summer residence. The spirit of disorder has spread to Sebastopol. Moderate liberals in St. Petersburg are becoming alarmed at the situation, reports having been received showing that an actual revolutionary propaganda is being pushed with vigor in many sections of the empire. The authorities of the government of Saratoff are closing the schools there on account of the peasant disturbances.

Warsaw, March 28.—Baron von Nolken, who was wounded by a bomb Sunday, is believed to be out of danger, but he is suffering intensely. Further investigation shows the care with which the plans of the conspirators were laid. Many persons of the poorer class proceeding on different streets in the direction of the palace just before the bomb was thrown were warned by per-

sons evidently posted for that purpose to go in some other direction.

The bomb-thrower's bad aim saved Von Nolken's life, as the bomb exploded behind Von Nolken's carriage instead of underneath. He seems to have completely escaped.

The man who previously threw a bomb into the police station at Praga, a suburb of Warsaw, injuring six policemen, is believed to be dying. He was injured by a fragment of the bomb as well as by bullets fired at him by the police. He has been identified as a locksmith named Stephen Okrjeja, 18 years old, and a resident of the Novominsk district.

NORTHSIDE LUMBER COMPANY INCORPORATED

CAPITAL STOCK IS EIGHT THOUSAND

BY ROBT. E. KNOFF.
(Special Tribune Dispatch.)
MADISON, Wis., March 28.—Secretary of State W. L. Houser today issued a charter to the North La Crosse Lumber Company upon the application of Morris & Hartwell. The incorporators are Nels Iverson, Andrew Sahlie and Peter Nelson and the capital stock \$8,000.

The corporation has taken over the business heretofore conducted by Iverson & Sahlie on the old Holway estate site and will continue a lumber and general building material business.

INTEREST IN COLLEGE DEBATE FRIDAY

MADISON, Wis., March 28.—A large mass meeting is being planned for Thursday evening to work up enthusiasm for the Michigan-Wisconsin debate next Friday. The members of the Wisconsin debating team and representative students and members of the faculty will address the meeting. For several years past interest in debating and oratory has been on the wane and it is thought a rousing mass meeting will do much to stir up interest.

Why Racine Republicans Should be Supported

RACINE, Wis., March 28.—The republican city committee has issued a platform commending to the voters of Racine its administration for the past two years. They say they have settled the litigation of the Racine Water company against the city of Racine for \$189,000, without cost to the people; brought about the reconstruction of the city bridges; carried on many improvements to the leading highways; performed a large amount of public work; reduced the bonded indebtedness over \$30,000; adopted voting machines; established manual training in the public schools, and planned free lectures in the public schools. Reference is also made to the fact that Lincoln Steffen said Racine was a city without graft.

Fails to Appear in Court and Bond is Forfeited

KENOSHA, Wis., March 28.—Frank S. Komp of Chicago, former president of the Kenosha State bank and the Kenosha Trust company, failed to appear in the circuit court here yesterday afternoon to answer a charge of violating the state banking laws. Notwithstanding the fact that it was declared that Komp is in jail in Chicago, Judge Belden ordered that his bond of \$2,500 be declared forfeited and issued a bench warrant for the arrest of Komp. Komp was arrested six months ago on a charge of receiving deposits for the Kenosha Trust company when he knew the concern was insolvent. District Attorney Baker will make an effort to have Komp arrested and brought to Kenosha.

RINGLING'S MAY COME HERE TO WINTER

If La Crosse can "make good," and furnish a site and convenient access to railroads and also facilities for the ready provender of animals, it is fairly possible that she will get the new winter quarters of Ringling Bros. shows, now located at Baraboo.

Some time ago it was rumored that Ringlings had purchased the Fourpaugh show and that the consolidated shows were preparing to remove from Baraboo to some more conveniently located spot in the state on account of the unhandiness of the railway facilities at that city.

This rumor is now a fact. From a communication received by Secretary R. Calvert of the La Crosse board of trade, it is learned that the Ringling show has decided to remove from Baraboo and is willing to consider propositions from other cities.

Mr. Calvert wrote a letter to the management of the circus yesterday, calling attention to the facilities offered by the city of La Crosse, and is now anxiously awaiting a reply.

The removal of this circus to La Crosse would mean for this city the expenditure here of at least \$500,000 in buildings and grounds; and would furnish employment to over a hundred men annually.

The matter will be laid before the board of trade at its next meeting, in case a favorable answer is received by the secretary, and a proposition discussed for securing the circus for this city.

Flood Danger at Janesville

JANESVILLE, Wis., March 28.—Rock river is rapidly becoming dangerous. Much floating debris has already come down and huge trees, roots, and all for two hours threatened the railway bridge this morning until cut by workmen. Constant watch is kept by both roads to guard against accident to the bridges and the dam owners also have guards out. In the lower portion of the city the water has backed to a considerable extent and may close down several factories which are run by water power. Cellars and low lands along the whole course of the river are flooded.

TRADESMEN KNOW WHO PAY THE FREIGHT

WON'T ENCOURAGE IND. TELEPHONES

The offer of an independent telephone company in Ann Arbor, Mich., to maintain for the benefit of an association of 32 of that city's leading tradesmen a free telephone service until the company should have a list of 500 subscribers, has recently been turned down by the association. Its members were unanimous in deciding not to use the new company's instruments at all, as in their opinion this was the only way to avoid paying ultimately for two services or losing business. The determination of the Ann Arbor tradesmen to unite at the outset against the newcomer, was strengthened by the experience of their neighbors in Detroit, where the advantages of telephone competition have been given an opportunity to show themselves. The experience of that city is thus summed up by the Detroit Tribune:

"However beautiful it may be in theory, competition in the telephone business is not satisfactory either to the stockholders or the rival companies or to their patrons. Whatever is gained by decrease in retails, is more than compensated for by the inconvenience of the two systems, and the necessity of patronizing both exchanges in order to secure satisfactory service. Of course, somebody must pay for the material which is made worthless by consolidation of the two concerns, and that somebody will be the innocent subscriber, who is generally called upon to 'pay the freight.'"

DR. WHITING, JANESVILLE SURGEON IS DEAD

JANESVILLE, Wis., March 28.—Dr. J. B. Whiting died here yesterday after an illness of several weeks, with which he was taken in Milwaukee soon after the death of his son. General debility from old age was the immediate cause for dissolution. He was one of the best known physicians and surgeons in the United States, and was once surgeon general of the G. A. R.

Dr. Whiting, after the organization of the Thirty-third Wisconsin during the civil war, became surgeon in charge, and served before Vicksburg, where he was in charge of a large hospital. He later was made surgeon in chief of the military district of Natchez and during the smallpox epidemic of 1863 and 1864 he had entire charge of this district. He left the army in 1864 and returned to Janesville. In 1875 he was chosen head of the Wisconsin Medical association. In 1893 he was elected medical director of the Wisconsin G. A. R. and was re-elected again in 1894. In 1895 he was chosen surgeon general of the national G. A. R., his name being presented by former Gov. Hoard. In 1889 he was appointed by President Cleveland as a member of the commission to treat with the Chippewa Indians for the sale of their reservations at White Earth, Red lake, Leech lake, Fond du Lac and Vermillion lakes in Minnesota. Dr. Whiting spent some time among the Indians and did much to aid them in securing justice. Dr. Whiting has also been prominently identified with literature and church work and was one of the committee of three appointed by Bishop Kemper on "Church Literature in the Diocese of Wisconsin." He has long been a vestryman of
